$1.5 Million Damage Set In Wheeling Downs Fire

Gains Seen For Release Of Prisoners

Donovan In Cuba Negotiating For Freedom Of 1,113

HAVANA (AP)—New York attorney James B. Donovan is reported still making progress in his negotiations to win the release of 1,113 Cuban invasion prisoners.

This word came Thursday night from a spokesman for a committee of Cubans in whose name Donovan is negotiating for release of the prisoners in exchange for millions of dollars worth of American drugs and food. Donovan provided no details on the progress of his talks with the Fidel Castro regime.

The freighter African Pilot, supplied by a committee of American shipping companies to the American Red Cross, began round-the-clock operations at Port Everglades, Fla. Truckloads of donated medicines and foods were transferred to the dock from an airfield near Miami.

Reports from the United States said the freighter will be ready to sail for Havana by Saturday.

Donovan has expressed optimism that the veterans of the April 1961 invasion at the Bay of Pigs will be liberated by Christmas. He returned here after an overnight visit to Florida to check on the stockpiles of drugs and foods, reported worth $53 million, accumulated by plane, truck and train.

Donovan took with him on his Florida visit a list of goods prepared by the Castro government. Castro originally demanded $62 million for the prisoners' freedom.

Enrique Llaca, director of the Cuban Families Committee, said in Miami the fact that Donovan did not confer with him during his visit was a good sign that there had been no hitch in the talks.

Summit Clouds Breaking Up

Kennedy, Macmillan Seen Near Historic Agreement

NASSAU, Bahamas, (AP) President Kennedy and Prime Minister Harold Macmillan were on the verge today of a historic agreement to end the transatlantic missile conflict and project broad outlines of a new long-range Allied defense strategy.

The clouds of controversy which hovered over the British-American summit meeting were breaking up, and officials said the results should open a new era in North Atlantic nuclear defense. It was heralded in some quarters as a means of easing the difficulties with President Charles de Gaulle of France and bringing the Western Big Three eventually under a single nuclear deterrent umbrella.

Officials conceded, however, that all this would take time.

"We are looking six or seven years ahead," a British spokesman said Thursday night after the two Atlantic Pact leaders concluded a second long day of hammering out the enormously complex problems they face.

Macmillan sent his Conservative government in London a detailed report on the plan to equip Britain with Polaris missiles as substitutes for the thousand-mile, bomber-born Skybolts whose development the United States has decided to abandon.

Informed sources in London said the British cabinet gave unqualified approval to the Polaris project at an 85-minute meeting.

The Polaris agreement is expected to be announced in the communique at the end of the conference late today.

The United States abandoned the Skybolt program because of five test failures, new concepts and its high cost. Macmillan's government desperately sought an alternative since it banked on the missile to carry British nuclear warheads and keep Britain a member of the nuclear weapon club. Polaris presented an answer.

British sources said Polaris can be mounted on British submarines now under construction and the cost of the changeover is not an over-riding factor.

The impact of this British-American meeting is intended to go far beyond the substitution of Polaris for Skybolt in the British arsenal. Machinery is being set in motion which can permit Britain and France to have a form of independent nuclear deterrent — an increasingly sensitive issue in Europe — while still coordinating nuclear defense strategy with that of the United States behind a single big shield.

The Kennedy administration insists that eventually strictly national nuclear deterrent forces must disappear from the Western alliance and be merged into a single defense effort.

Kennedy is reported confident he can convince Congress he is on the right track in the program he discussed with Macmillan.

Race Meet Due Dec. 26 Is Canceled

Grandstand Razed; Administration Site Saved By Firemen

WHEELING, W. Va. (AP) — The second major fire in three weeks struck Wheeling Downs race track Thursday night causing damage estimated unofficially at $1.5 million.

The fire broke out in the north end of the grandstand, where a new furnace was installed Thursday. Investigators had not determined the cause.

The grandstand was a total loss and the track administration building was badly damaged. Firemen saved the adjacent clubhouse.

Workmen recently completed extensive remodeling at the track including glassing in of spectators' quarters for winter race meets. The renovation cost $30,000.

Racing scheduled to start Dec. 26 has been canceled, officials said.

Approximately 50 firemen from five Wheeling fire companies fought the blaze, which broke out at midnight. The last of the fire squads still was at the scene at daybreak.

As a precautionary measure, horses were led from the stables which are near the grandstand.

A fire Nov. 26 in the stable area killed 13 horses and caused $100,000 damage. Cause of that blaze was not pinpointed.

Area Will Get White Yule As Drivers Moan

Highways Cindered As Accumulation Of Snow Deepens

Santa Claus could be virtually certain of two things today — a White Christmas and good sleighing. Motorists were assured of slippery roads as the holiday approaches.

Snow began falling early today and while the Ohio weatherman avoided a forecast of the possible depth, the State Highway Department at Leetonia was told there might be an accumulation of 3 to 5 inches by nightfall.

All 18 crews of the Leetonia garage began cindering highways at 7:30 a. m. as the early-morning snow added to slippery conditions following the freeze last night of Thursday's melting.

Main highways and secondary roads in the area were reported slick and hazardous with the new snow and low temperatures, according to the Ohio Highway Patrol at Lisbon. Officers had received no reports of accidents by 11 a.m., however.

In East Liverpool, all available street department men and equipment were put to work at the start of the work day at 7 this morning, Asst. Supt. Ed Bowersock said.

"We're making every effort to keep traffic moving," he said as the snow continued to pile up through the morning.

In some areas, the pavements were doubly treacherous because the snow built up on top of ice that accumulated overnight from a thaw yesterday, Safety - Service Director Robert Owen said.

The first tieups were reported this morning on busy grades such as Market St. and Broadway.

Owen said a snow bucket was delivered Thursday for a new front end loader which the city received Monday. The bucket can be used to help remove heavy accumulations of snow, if necessary, the director commented.

Cinder trucks from the Pughtown garage of the West Virginia State Road Commission were on the job at 2 a.m. today as the

Airmail With Checks Saved In Truck Fire

An East End man received good news Thursday when some 12 airmail letters containing checks, which were included in one of the pouches damaged by fire inside a mail truck Tuesday night, were returned virtually intact.

Postmaster Samuel W. Brown said the letters were among some 20 pieces of mail returned to the local office yesterday for identification and return to the senders.

The East End man had deposited the airmail letters, destined for an overseas destination, between 4 and 6 p.m. Tuesday, and they were placed in an airmail pouch for Steubenville.

The letters and checks were intact, Brown said, but one edge was burned off the envelopes. He theorized the letters escaped more severe damage because they were tied in a bundle.

The partially - filled airmail pouch along with a pouch of regular mail from the local office, were among 10 sacks from area offices damaged in the fire near Toronto.

The mail was taken to Steubenville where it is being processed. Mail either will be returned to the senders or forwarded in franked government envelopes, Brown said.

Water Break Fixed

The customers affected by the interruption reside on New Cumberland Heights. Crews headed by Jacob Baxter fixed a broken water pump Wednesday night.

3 Defendants In Club Raid Granted Time

Hearing Postponed 3rd Time For Trio In Tavern Arrests

A third continuance has been granted in hearings for two men and a woman arrested by three Hancock County constables in a raid at the Rio Club behind the Cactus Bar near Chester Dec. 2.

Originally scheduled Dec. 13 and postponed to Thursday night, the hearings were continued again to Jan. 3 at the request of the trio's attorney, who questions the legality of search and seizure warrants issued for the raid.

Atty. William Conklin of Chester was granted a continuance yesterday after filing a 10 - page brief attacking the legality of the warrants used by Constables J. Carl Durham, Harold Davis and Sam Swain in the arrests.

The defendants are William Watson of Pyramus Ave., Chester, charged on six violations of state gaming laws at the Rio Club on Route 30 and another citation for obstructing and hindering a constable; Margaret Rose Liston of Hookstown R. D. 1, a waitress at the club, and John Rushton of Weirton, identified as a doorman.

The search and seizure warrants were issued by Squire Eugene Allison of Chester, who was to hold hearings for the trio at his office.

The briefs filed by Atty. Conklin contend that a search warrant must specify more than a suspicion or belief that a law has been violated in connection with the fourth amendment of both state

Wilson Due Post Jan. 14

Rhodes Picks Akron Man As New Economic Chief

COLUMBUS, Ohio (AP)—Gov. Elect James A. Rhodes today announced appointment of George E. Wilson, 39-year-old Akron man, as the new director of the Department of Industrial and Economic Development.

Wilson, executive director of the Area Development Committee of Akron, will take over the post when Rhodes takes office Jan. 14.

He will serve until legislation creating a more effective industrial development program can be enacted into law by the 105th General Assembly next year, the governor-elect said. Then, Wilson will be named to head the new setup.

The plan proposed for an expanded industrial development authority to attract new industry and expand existing plants in Ohio calls for abolishing the present Department of Industrial and Economic Development (DIED).

Wilson was vice chairman of the group of Ohio business and industrial leaders who recently made recommendations for the new authority along the lines proposed by Rhodes during his campaign for governor. He has been working with the governor-elect and legislative leaders in drafting a bill incorporating the new plan.

Wilson is a native of Barnesboro, Pa., and has been director of the tri-county Akron area development committee since 1954. The committee's work on industrial expansion covered Portage and Medina counties as well as Summit County.

Police Check Station Entry

Hays Oil Window Broken By Burglar

Police are investigating a burglary discovered early today at the Hays Oil Co. Service Station at E. 5th St. and Broadway, in which some appliances apparently were stolen.

The intruder used a piece of building brick to break a 12-x-12-inch pane of glass in a window in the north side of the building, officers said. Then he opened the window and crawled through the opening into the section of the structure housing the grease racks, officers said. A retail outlet stocked with auto accessories, gift merchandise and appliances adjoins the lube room.

Patrolman Howard Frontz discovered the broken window at 2:18 this morning. Ward Jackson, manager, told police Earl Durbin and Floyd Williamson closed the station Thursday night at 10.

Jackson told police some appliances appeared to be missing, but an inventory would be required to determine any loss. He promised a supplemental report to the department if anything is discovered missing.

Meanwhile, Miss Geraldine Ikirt, 200 W. 6th St., told police Thursday at 6:40 p.m. the hasps were broken on the door of her garage, apparently in an attempted entry.

Alert For Tidal Wave Canceled For Hawaii

HONOLULU (AP) — A tidal wave alert for the Hawaiian Islands was canceled early today after a 45-minute flurry of excitement that sent seacoast residents scurrying into the hills.

Hawaii Civil Defense headquarters said the wave failed to materialize. It based its information on the fact that Midway Island, which would have been hit first, was unaffected.

Manslaughter Ruled In Trial For Murder

Voluntary Degree Returned By Jurors In Divorcee Killing

A Beaver County jury today convicted Carroll Williams of voluntary manslaughter in the strangulation death of Mrs. Loretta Dean Schultz, 23-year-old divorcee.

The jury deliberated for five hours before arriving at a verdict after receiving the case late Thursday afternoon in Beaver County Court.

The 27-year-old Williams faces a 6-12-year prison term but the sentencing date has not been set by Judge Robert E. McCreary.

The jury received the case at 4:45 p. m. yesterday and began its deliberations at 8 p. m. following dinner and a rest. The verdict was returned at 9:30 a. m. today.

Williams had been accused of murdering the New Sewickley Township mother of two. Her body was found July 31 along Crow's Run Rd. in the township.

Williams, who had returned to Beaver County from California about a week before the crime and was apprehended in Crestline, Ohio, admitted Mrs. Schultz died in his presence while they were engaged in intimaces in his car. However, he contended her death was natural.

Coroner John Colavincenzo ruled death resulted from manual strangulation, citing multiple breaks in the skin which he said were caused by fingernails. The trial began Monday.

Judge Suspends Fine As Driver's Yule Gift

Municipal Judge Samuel M. Chertoff obviously was in a holiday mood today as he looked out over his courtroom and saw only one defendant — a Weirton youth accused of crashing a Pleasant Heights traffic light.

James L. Fortune, cited Thursday at 3:50 p.m., pleaded guilty to crashing the signal at Wyoming Ave. and Lisbon St.

"I went through it before I realized it was there," he told the judge.

The judge lectured Fortune about inattention causing traffic accidents, then added: "Your fine is $5 and costs, suspended. That's your Christmas gift." The suspension saved Fortune $12.50, as costs are $7.50.

Train-Truck Collision Kills 3, Injures 22

OKEECHOBEE, Fla. (AP) — A collision between a passenger train and a truck wrecked the train and demolished the truck, killing three persons and crowding this little community's hospital with injured.

The Seaboard Air Line Railroad's Miami-to-New York "Silver Star," traveling 70 to 80 m.p.h., and a tractor-trailer loaded with oranges met just before 7 p.m., Thursday a mile northwest of Okeechobee.

Bud Sparkman of Okeechobee said, "I was waiting at the crossing in my Jeep. The tractor-trailer was coming toward me and slowed as if it was going to stop. But it didn't. It just kept right on creeping across.

"The diesel was blowing its horn. It hit the cab. It was a horrible mess."

Both locomotives and seven of the train's 11 cars jumped the rails. The engines toppled over and the derailed coaches — some sheered off their wheels — came to rest at tipsy angles. A large portion of track was torn up.

The lead locomotive, in which two trainmen died, blazed for two hours. Firemen kept the diesel oil-fed flames from spreading.

The dead were identified as H.O. Slaughter, 50, the train's baggagemaster, of Wildwood; William Bell, 50, of Tampa, its fireman; and O.B. Jones, 38, of Haines City, driver of the truck.

Burglars Eat After Futile Safecracking

Attempting to batter open a safe helps work up a sizable appetite, according to evidence discovered at the Ciccarelli Grocery store in Chester early this morning.

Burglars, who failed to crack the 600-pound safe, walked out with some 50 cartons of cigarettes, from 10 to 20 boxes of chocolate candy and cookies and cakes — after dining on bread, cheese, meat and milk.

Ildebrando Ciccarelli, 623 Carolina Ave., reported the breaking and entering about 5 a. m. today to Police Chief Clarence Lennens after the grocer opened his store at 436 Carolina.

Entrance to the store had been made by breaking a window on the west side of the structure.

The intruders caused extensive damage to the safe, sawing at the hinges, battering the combination and partially prying open the door. But they failed to get inside, according to Lennens.

The entering took place sometime after the store was closed Thursday night at 6:30 and when Ciccarelli arrived today.

Either during the assault upon the safe or afterward, the intruders apparently sat on upturned boxes at the rear of the store and dined on contents of the meat compartment, along with cheese and bread.

On the floor were cookie crumbs, an empty orange drink carton and several empty chocolate milk containers along with other leftovers from the snack.

Apparently no money was taken in the entering, the latest in a series which have hit service stations and businesses in the city's business area in the past month.

3 Days Off For Most

Public Offices Of Area Will Take Long Holiday

A long weekend looms for a number of public offices of the Tri-State area as industries, businesses and financial institutions suspend or curtail for the Christmas holidays.

It will be three days off for some, including the Sabbath, but most will resume regular hours Wednesday.

Following a general policy in federal, state and county offices, City Hall will be closed from Saturday noon until Wednesday morning for both the Christmas and New Year's weekends.

However, Municipal Court will hold brief criminal sessions at 9 a. m. on Monday and again on Dec. 31. This will assure that persons arrested on the preceding Saturday and Sunday and unable to post bond will have their cases disposed of before the holiday.

The Columbiana County Courthouse at Lisbon will be closed Monday and Tuesday for the holiday suspension. Offices will close at noon Saturday. The same schedule will be followed for New Year's.

Monday will be a holiday for all federal employes, including postal workers, the four-man Internal Revenue staff and the Social Security office.

Postmaster Samuel W. Brown said almost normal service will be maintained on Monday with those regular employes who work being given compensation time later. The same rule will be fol-

Police Check Station Entry

Hays Oil Window Broken By Burglar

Police are investigating a burglary discovered early today at the Hays Oil Co. Service Station at E. 5th St. and Broadway, in which some appliances apparently were stolen.

The intruder used a piece of building brick to break a 12-x-12-inch pane of glass in a window in the north side of the building, officers said. Then he opened the window and crawled through the opening into the section of the structure housing the grease racks, officers said. A retail outlet stocked with auto accessories, gift merchandise and appliances adjoins the lube room.

Patrolman Howard Frontz discovered the broken window at 2:18 this morning. Ward Jackson, manager, told police Earl Durbin and Floyd Williamson closed the station Thursday night at 10.

Jackson told police some appliances appeared to be missing, but an inventory would be required to determine any loss. He promised a supplemental report to the department if anything is discovered missing.

Meanwhile, Miss Geraldine Ikirt, 200 W. 6th St., told police Thursday at 6:40 p.m. the hasps were broken on the door of her garage, apparently in an attempted entry.

Manslaughter Ruled In Trial For Murder

Voluntary Degree Returned By Jurors In Divorcee Killing

A Beaver County jury today convicted Carroll Williams of voluntary manslaughter in the strangulation death of Mrs. Loretta Dean Schultz, 23-year-old divorcee.

The jury deliberated for five hours before arriving at a verdict after receiving the case late Thursday afternoon in Beaver County Court.

The 27-year-old Williams faces a 6-12-year prison term but the sentencing date has not been set by Judge Robert E. McCreary.

The jury received the case at 4:45 p. m. yesterday and began its deliberations at 8 p. m. following dinner and a rest. The verdict was returned at 9:30 a. m. today.

Williams had been accused of murdering the New Sewickley Township mother of two. Her body was found July 31 along Crow's Run Rd. in the township.

Williams, who had returned to Beaver County from California about a week before the crime and was apprehended in Crestline, Ohio, admitted Mrs. Schultz died in his presence while they were engaged in intimaces in his car. However, he contended her death was natural.

Coroner John Colavincenzo ruled death resulted from manual strangulation, citing multiple breaks in the skin which he said were caused by fingernails. The trial began Monday.

Judge Suspends Fine As Driver's Yule Gift

Municipal Judge Samuel M. Chertoff obviously was in a holiday mood today as he looked out over his courtroom and saw only one defendant — a Weirton youth accused of crashing a Pleasant Heights traffic light.

James L. Fortune, cited Thursday at 3:50 p.m., pleaded guilty to crashing the signal at Wyoming Ave. and Lisbon St.

"I went through it before I realized it was there," he told the judge.

The judge lectured Fortune about inattention causing traffic accidents, then added: "Your fine is $5 and costs, suspended. That's your Christmas gift." The suspension saved Fortune $12.50, as costs are $7.50.

Train-Truck Collision Kills 3, Injures 22

OKEECHOBEE, Fla. (AP) — A collision between a passenger train and a truck wrecked the train and demolished the truck, killing three persons and crowding this little community's hospital with injured.

The Seaboard Air Line Railroad's Miami-to-New York "Silver Star," traveling 70 to 80 m.p.h., and a tractor-trailer loaded with oranges met just before 7 p.m., Thursday a mile northwest of Okeechobee.

Bud Sparkman of Okeechobee said, "I was waiting at the crossing in my Jeep. The tractor-trailer was coming toward me and slowed as if it was going to stop. But it didn't. It just kept right on creeping across.

"The diesel was blowing its horn. It hit the cab. It was a horrible mess."

Both locomotives and seven of the train's 11 cars jumped the rails. The engines toppled over and the derailed coaches — some sheered off their wheels — came to rest at tipsy angles. A large portion of track was torn up.

The lead locomotive, in which two trainmen died, blazed for two hours. Firemen kept the diesel oil-fed flames from spreading.

The dead were identified as H.O. Slaughter, 50, the train's baggagemaster, of Wildwood; William Bell, 50, of Tampa, its fireman; and O.B. Jones, 38, of Haines City, driver of the truck.

10 To Govern Pension Plan For Potteries

Union, Industry Choose 5 Apiece In Organization Move

Union and management representatives have chosen 10 trustees to administer a new pension plan for the dinnerware industry which was established in a three-year working agreement signed Nov. 6 at Cincinnati by the International Brotherhood of Operative Potters and the U. S. Potters Association.

Each group selected five trustees in a conference that was held to lay the preliminary ground work for the pension plan —first ever established for the dinnerware branch of the industry.

Union representatives are E. L. Wheatley, international president; Charles F. Jordan, secretary - treasurer; James T. Slaven, third vice president; Carl Warning and Wallace Green.

The USPA members are John Thompson of the Hall China Co., Richard Smith Jr., of Taylor, Smith & Taylor Co.; Burchfield Cartwright of the Homer Laughlin China Co.; J. Harrison Keller of the Salem China Co. and Fred Henderson of the Royal China Co. at Sebring.

The IBOP - USPA pact covers these plants: Laughlin's, TST, Harker Pottery Co. and Hall's,

Burglars Eat After Futile Safecracking

Attempting to batter open a safe helps work up a sizable appetite, according to evidence discovered at the Ciccarelli Grocery store in Chester early this morning.

Burglars, who failed to crack the 600-pound safe, walked out with some 50 cartons of cigarettes, from 10 to 20 boxes of chocolate candy and cookies and cakes — after dining on bread, cheese, meat and milk.

Ildebrando Ciccarelli, 623 Carolina Ave., reported the breaking and entering about 5 a. m. today to Police Chief Clarence Lennens after the grocer opened his store at 436 Carolina.

Entrance to the store had been made by breaking a window on the west side of the structure.

The intruders caused extensive damage to the safe, sawing at the hinges, battering the combination and partially prying open the door. But they failed to get inside, according to Lennens.

The entering took place sometime after the store was closed Thursday night at 6:30 and when Ciccarelli arrived today.

Either during the assault upon the safe or afterward, the intruders apparently sat on upturned boxes at the rear of the store and dined on contents of the meat compartment, along with cheese and bread.

On the floor were cookie crumbs, an empty orange drink carton and several empty chocolate milk containers along with other leftovers from the snack.

Apparently no money was taken in the entering, the latest in a series which have hit service stations and businesses in the city's business area in the past month.

Wilson Due Post Jan. 14

Rhodes Picks Akron Man As New Economic Chief

COLUMBUS, Ohio (AP)—Gov. Elect James A. Rhodes today announced appointment of George E. Wilson, 39-year-old Akron man, as the new director of the Department of Industrial and Economic Development.

Wilson, executive director of the Area Development Committee of Akron, will take over the post when Rhodes takes office Jan. 14.

He will serve until legislation creating a more effective industrial development program can be enacted into law by the 105th General Assembly next year, the governor-elect said. Then, Wilson will be named to head the new setup.

The plan proposed for an expanded industrial development authority to attract new industry and expand existing plants in Ohio calls for abolishing the present Department of Industrial and Economic Development (DIED).

Wilson was vice chairman of the group of Ohio business and industrial leaders who recently made recommendations for the new authority along the lines proposed by Rhodes during his campaign for governor. He has been working with the governor-elect and legislative leaders in drafting a bill incorporating the new plan.

Wilson is a native of Barnesboro, Pa., and has been director of the tri-county Akron area development committee since 1954. The committee's work on industrial expansion covered Portage and Medina counties as well as Summit County.

3 Days Off For Most

Public Offices Of Area Will Take Long Holiday

A long weekend looms for a number of public offices of the Tri-State area as industries, businesses and financial institutions suspend or curtail for the Christmas holidays.

It will be three days off for some, including the Sabbath, but most will resume regular hours Wednesday.

Following a general policy in federal, state and county offices, City Hall will be closed from Saturday noon until Wednesday morning for both the Christmas and New Year's weekends.

However, Municipal Court will hold brief criminal sessions at 9 a. m. on Monday and again on Dec. 31. This will assure that persons arrested on the preceding Saturday and Sunday and unable to post bond will have their cases disposed of before the holiday.

The Columbiana County Courthouse at Lisbon will be closed Monday and Tuesday for the holiday suspension. Offices will close at noon Saturday. The same schedule will be followed for New Year's.

Monday will be a holiday for all federal employes, including postal workers, the four-man Internal Revenue staff and the Social Security office.

Postmaster Samuel W. Brown said almost normal service will be maintained on Monday with those regular employes who work being given compensation time later. The same rule will be fol-

Chances Seen '50-50'

GOP Leaders May Try Redistricting Hays' Area

Utilizing a Republican administration and State Legislature, GOP leaders of Ohio are discussing a possible attempt at redistricting a couple of Eastern Ohio congressional districts and eliminating a congressman - at - large seat.

Rep. Wayne L. Hays (D. Flushing), 18th Congressional District representative, apparently is one of the targets.

Sen. C. Stanley Mechem (R. Nelsonville), Senate majority leader, has been quoted as saying a serious attempt should be made in the 1963 session of the Legislature, adding House Speaker Roger Cloud (R. Bellefontaine) "feels the same way."

Obviously, in redistricting, the Republicans will attempt to maintain or possibly increase their present 18-to-6 majority in the state's congressional delegation.

Mechem and Cloud talk about a possible reshuffling of district lines in the Dayton and Columbus areas, where the districts are relatively overpopulated, and in Southeastern Ohio, where districts are relatively underpopulated.

One possible move might be to carve new Republican districts in the Dayton and Columbus areas and merge two of the underpopulated districts in Southeastern Ohio to knock out one of the two Democratic congressmen now holding seats in the southeast area.

The Democratic southeastern congressmen are Robert T. Secrest, Senecaville, Guernsey County, representing the 15th District, and Rep. Hays.

A possibility that has been mentioned would be the division of the 15th District between the 10th and 18th Districts in order to throw Secrest into the same district as Hays. Thus one of the two Democrats would be eliminated.

Cloud, however, is aware of all the influences that can be brought to bear against a redistricting bill, both from local sources and from congressmen working to keep their existing districts intact.

He said the chances of a successful redistricting are about "50-50." They will be improved, however, if the measure is initiated in the State Senate and passed by that body before it goes to the House, he added.

The 18th Ohio District, represented by Hays is composed of Columbiana, Carroll, Jefferson, Harrison and Belmont Counties. The 15th District, represented by Secrest, consists of Perry, Muskingum, Guernsey, Morgan, Noble, Monroe and Washington Counties.

The 10th District represented by Homer (Pete) Abele, McArthur, a Republican, consists of Fairfield, Hocking, Vinton, Athens, Jackson, Meigs, Gallia and Lawrence Counties.

Ohio received an extra congressional seat as a result of the 1960 census but the 1961 Republican - controlled Legislature failed to redistrict and the extra seat was made at-large.

Robert Taft Jr. was elected congressman-at-large in November and if this seat is eliminated then he apparently has the go-ahead to run for the U.S. Senate in 1964, a seat now held by Sen. Stephen Young (D) of Cleveland.

The House in 1961 passed a bill to establish a new 24th Congressional District in the Dayton area but it died in the Senate when Republicans decided to keep the at-large seat open to Taft, rather than chance a veto by Gov DiSalle. The Democratic governor will be replaced next month by James A. Rhodes, GOP governor-elect.

The Idea Is Clarification

The Ohio Association of Prosecuting Attorneys has gone on record to ask the new Ohio General Assembly to clarify the state's Sunday sales law. This puts more backbone into the mandate of the voters when they turned down the proposed Lawson amendment last Nov. 6.

The county prosecutors are directly concerned with the fact there is no uniformity of interpretation of the existing Blue Law and can be none as long as Ohioans pull and haul their officials this way and that way to suit their widely varying versions of the law's intent. Voters apparently want legislators to write a new set of regulations; they did not think the Lawson amendment was adequate.

The first step the General Assembly will need to take is to clear its own collective legislative mind before it can clear up the law.

IT MUST BE in complete agreement that this is a matter of business regulation that has no connection with any religious purpose.

It must do this because the Constitution of the United States expressly forbid laws about religion and the constitution of Ohio specifies that all religions must receive equal treatment.

If the question were to arise about a religious motive in framing and enacting a law concerning the behavior of people on Sunday in Ohio, the constitutionality of the law would be in grave question.

Whatever the General Assembly does, it must do with this cardinal principle in mind.

THE OHIO BLUE LAW, like similar legislation elsewhere, had its remote origin in attempts before the U.S. Constitution was framed to make people conform to patterns of religiosity.

But any new law must be in full harmony with the letter of the U.S. Constitution. Any intrusion of religion into the question, of what places of business may be open for business at a given time would open the constitutional issue.

With this in mind, the General Assembly should go to work next month in good faith and full vigor to clarify the legal status of business in Ohio on Sunday.

Plant Site Wanted

New industry is at the top of the list of things East Liverpool could use.

It was with great interest, therefore, to learn that a "feeler" for a plant site, with a possible payroll of 500, has been received here in a roundabout way.

The Chamber of Commerce is investigating a request from a Steubenville man seeking a building for an industrial operation. The request first came to Chester Council and was referred in turn to the Chamber here in a neighborly gesture.

The investigation should be a thorough one. Such requests are few and far between. Announcement of a new industry would be a most fitting way to launch 1963.

Makes No Sense Here Either

One demonstration more or less against a United States embassy makes no difference in a world whose mischief-makers can turn demonstrations off and on like tap water.

But one more demonstration against the United States in Elisabethville by students in Katanga Province, Republic of Congo, makes a substantial difference.

Dr. Albert Schweitzer has expressed his view that Americans and other white men should pull out of the Congo and let the tribesmen who live there fight their own battles in their own way and in their own time. He thinks intervention makes no sense in Africa.

This very easily could become the view of Americans who have been disenchanted about the prospects of creating order out of Congolese chaos. Intervention makes no sense here either. There is only one compelling reason that would cause Americans to play the role of "fall guys" in the Congo, while their United Nations associate hold back to win the approval of a hands-off faction in the native population.

If it could be demonstrated beyond doubt that the Soviet Union was trying to break in where the United States should be trying to break out, that would make a difference. Otherwise, the United States should take Dr. Schweitzer's sound advice.

Either the U.N. project of pacifying the Congo and bringing Katanga Province into the Leopoldville government should be supported by all U.N. members, or the United States should withdraw its support.

There are enough ways and enough places for Uncle Sam to have his throat cut without going to Africa to have it cut there.

It was welcome news that Inter-City Transit has taken over the Youngstown-East Liverpool-Wheeling bus runs which Greyhound has just relinquished.

Such announcements spur the hope that bit by bit we may win back much of the excellent bus service which we had in the past.

Inter-City has shown faith in its operations here by moving its central garage and shops to Calcutta from East Palestine. Its continued success and expansion could prove a real shot in the arm.

Behind An Inscrutable Smile

The value to a burglar of Leonardo da Vinci's Mona Lisa is only one index to the status it has achieved in a world that regards it as one of the greatest accomplishments of man.

The masterpiece is guarded night and day not only for its money value. It has been brought to the United States to attest to France's friendship. Art experts and people all over the world contemplate it again and again with extreme pleasure.

Behind the inscrutable smile that da Vinci painted on a piece of wood more than 400 years is one of mankind's deepest enigmas —the secret of value.

Thousands of men who were da Vinci's contemporaries were more important than he was. They did more useful things. They received greater rewards for their efforts. Without a royal patron, da Vinci could not have survived, despite his talents in widely scattered fields.

Yet who can remember or cares to remember who made the shiniest widgets, the best mousetraps, the strongest carriages of the 15th century? Who were the wealthiest Italians, the greatest athletes, the most successful politicians? Who lived in the biggest house and sailed the biggest boat?

But who painted the most wonderful portrait? Leonardo da Vinci. Who else?

Both Sides Of Issues Are Needed

By DAVID LAWRENCE

Republicans and Democrats have begun to quarrel over whether equal time should be granted for a rebuttal to President Kennedy's interview on radio and television last Monday night.

David Lawrence

The Republican national committee is planning to ask for similar privileges on the air, but hasn't quite made up its mind who the actors in the show would be. Rep. Emanuel Celler, D-NY, has urged the networks to refuse "categorically" any requests for equal time, as he says it would "set a most dangerous precedent." Besides, he argues, Mr. Kennedy is not a political candidate.

Technically, of course, the 1964 political campaign hasn't started and there are no formal candidates, but actually the campaign is already under way.

President Kennedy really has begun to campaign actively for reelection. Almost every move he makes nowadays is based on its possible impact on the voters during the next 22 months. Every opportunity for publicity is sought. The latest example is the unprecedented interview on radio and television over all three major networks for a full hour last Monday night. The President could have given every bit of this information at a regular news conference but it wouldn't have been dramatic enough nor subject to previous editing.

Mr. Kennedy evidently felt sure that the newspapers would use the interview rather fully, anyway, so it would also get wide publication in the press.

THE BIGGEST advantage of all to Mr. Kennedy, however, is that he manages by this method to prevent any rebuttal on the same night that he gets full coverage of his views over the television networks. It is not like the "great debates" of the last presidential campaign, when the opposite candidate was at least given a chance to answer point by point.

All the provisions of federal law about equal time with reference to television and radio programs that concern speeches by major candidates in politics seem to have become meaningless under the new procedure.

The President can always argue that his speeches aren't political, though almost everything he said in the broadcast on Monday, for example, had to do with major political subjects which are current issues before the country.

The arrangements made by the three networks for the President's interview precluded any opposition speaker following closely on the President's remarks. It's said they did try to invite national personalities to talk, but there was no way by which the latter could prepare themselves for rebuttal the same evening, though the President himself had 24 hours in which he could change the transcript in whatever way he pleased.

The manipulation of news now is an administration policy and the manipulation of network facilities has become a valuable instrument in the "arsenal of weaponry" on the political battlefront. Almost everyone who knows anything about politics is aware that what is said during a campaign is only half the battle, and that a substantial number of votes have already been won or lost by what is said or done prior to the actual beginning of a campaign.

A ONE-SIDED presentation of what the government is doing appeals to some politicians as fair, but the people resent the obvious use of public office for political purposes.

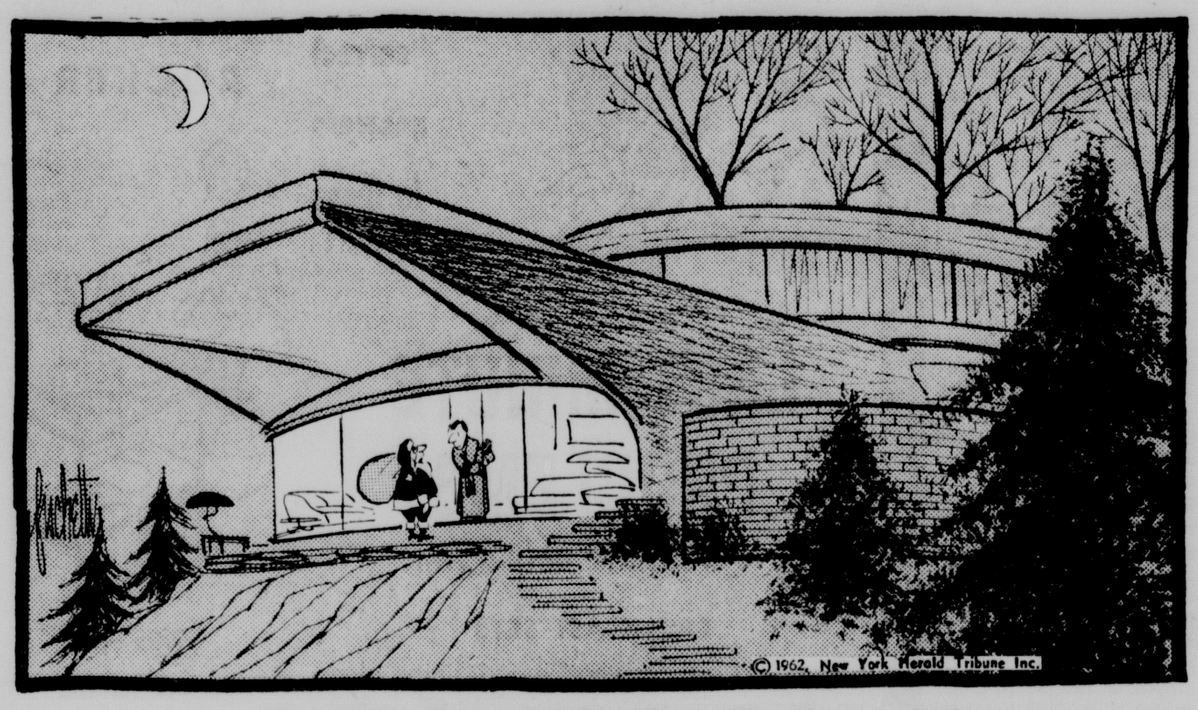

The newspapers have a circulation of nearly 60 million copies, and these reach an even larger number of individuals in the homes. The number of homes with television sets is around 47 million, but not everybody stays home for every program. Yet those who miss a president's utterances on the air can generally get a copy of a newspaper and read about them there.

So the President is certainly an astute press agent in his own behalf in giving the television networks a special program which they can advertise in advance.

What's more important is whether this sort of thing can become a "brainwashing" operation through which the people are led to form impressions based on incomplete and inadequate presentation of controversial subjects. Opponents have virtually no chance to refute presidential statements.

In the Soviet Union such things are handled by forbidding all countercomment or criticism of the top executive. If there is criticism at all, it's usually at a later date, long after the initial speech. Maybe that's going to be the net effect in America, where the networks are under direct government supervision and control.

THE BROADCASTERS usually try to maintain independence, but many nevertheless find it desirable to play ball with the administration in power. That's why the newspapers become the last available source for the prompt and continuous presentation of both sides of controversial questions in a comprehensive manner in their news pages.

'Would You Please Tell Me Where The Chimney Is?'

Labor Takes Over In Africa And Asia

By VICTOR RIESEL

GENEVA

In this busy mountainous neutral corner, which has been turned into the world's actual capital, there is a vital unreported story — and it is that the labor leader of today is the prime minister of tomorrow. Especially in Africa and Asia. There are at least 10 nations in those parts of the world, most of them so new the paint has just about dried on their capitol buildings, whose leaders actually were labor chiefs when they took office, frequently as premier or national president.

Victor Riesel

Furthermore, there are scores of such union chiefs who are vice premiers, cabinet members, ambassadors, or who are about to become prime ministers — in such lands as Gambia — when their lands become independent.

There has been no single political inventory of these labor prime ministers. There should be, for if they coordinate their policies, their influence, their lands, they can dominate much of Africa.

ALONG WITH their counterparts on other continents, they can become a powerful fourth bloc in the United Nations and world politics. In other parts of the world, including Europe, such labor leaders are the most forceful, often the controlling voices in Socialist and Social Democratic parties.

They could soon take power in Britain, Italy, France and other lands. In some countries the labor based parties already hold premierships.

Among the most influential of such union chiefs in Africa is Sekou Toure, president of Guinea. Henow is actually head of the Federation of Workers' Unions of Guinea. Like most of his colleagues in other African nations, he was a whitecollar worker — once having organized the treesury employes' union.

ALMOST DIRECTLY across the continent is Tanganyika. There, too, you find the laborite-chief of state phenomenon. When I was in Dar es Salaam in '59, my driver, Mkoumbi, was on the executive committee of the teamsters union.

He showed me a union button he said was made in upper New York State. Then he introduced me to some of the national leaders of the Tanganyika Federation of Labor. They took me to a union hall and sang a song they called Uhuru. Today those union officials are the heads of the new government.

A few days ago, one of them, Rashidi Kawawa was elected vice president of Tanganyika. This is the equivalent of being prime minister, under President Julius Nyerere, also one of the group I met. President Nyerere was quite active in the labor movement. Mr. Kawawa was general secretary of the Tanganyika Federation of Labor and head of the Civil Service Workers.

AND IN THE NEWS almost daily is Prime Minister Cyrille Adoula. Until he took office he was general secretary of the Congolese confederation of labor — the George Meany of the Congo.

Heading the brand new government of Uganda is another chap introduced to me in Kampala as active inside labor. He is Prime Minister Apollo Milton Obote.

Recently in a New York restaurant, I talked with a labor man by name of Kenneth Kaunda. He had been brought to me by a fellow active in American labor circles. A few days ago Kenneth Kaunda became Northern Rhodesia's minister for Local Government—virtually chief of state in in this section of the Federation Rhodesia and Nyasaland.

The federation itself, referred to as a federal unit, is headed by the conservative Prime Minister Roy Wleensky, hated by the Africans. Sir Roy was the leader of the railroad workers' union. He used this as his base of political power for a while.

IN NAIROBI, capital of Kenya —not yet independent — I covered a union mass meeting of some 5,000 workers. It was addressed by a young chap called Tom Mboya, head of the Kenya Federation of Labor. He spoke with the mellifluousness of a Harry Belafonte. That was in '59. Some one said he'd soon be prime minister.

Today he is the colony's labor minister. And he will be prime minister when Jomo Kenyatta, the pardoned aging Mau Mau chief, passes on.

In Tunisia, whose president is Habib Bourguiba, the president of the national Chamber of Deputies is Ahmed Tlilli, secretary general of the Federation of Tunisian Workers. For our purposes here, Bourguiba can be considered a man made by the Tunisian and American labor movements.

In Ghana, a powerful cabinet member with the title of Minister Plenipotentiary is John K. Tettegah.

And just to move down in the ranks a bit, there is Frederic Guirma of Upper Volta. He is its Ambassador Extraordinary and Plenipotentiary, and permanent representative to the UN.

There are others. Typical is Prime Minister Lee Kuan Yew, of Singapore. He started as a labor lawyer, adviser to the naval base workers.

Thus it is across the world. Either the labor men or their political parties are the government or about to become head of it.

The Polaris Missile

By James Marlow

WASHINGTON

A whole new era of bickering, and Moscow muttering, opens if the United States gives Britan Polaris missiles that can be fired from ocean depths to targets hundreds of miles away.

Reports from the Bahamas said President Kennedy, meeting there with British Prime Minister Harold Macmillan, was near agreement on granting the missiles — if they become part of a NATO nuclear striking force.

Such agreement, if reached in the meeting's windup today, would be new. But the idea isn't. Kennedy suggested it just a few months after taking office in 1961.

This country's European NATO partners have been edgy over the arrangement made so far for the use of nuclear weapons to defend Europe in case of attack: the United States has the weapons and controls them.

This gives Washington full and final say on whether the weapons would be used at all. Britain and France have been determined to build their own nuclear force. This can be stretched.

If a whole bunch of the NATO partners eventually had their own nuclear weapons — and individual possession of them and say-so on their use — the danger of nuclear war, brought on perhaps irresponsibly, is increased.

There is an alternative: a nuclear force made part of NATO with the 15 member nations — including the United States — having a say on how and when to use them.

This is the kind of arrangement, according to the reports from the Bahamas, Kennedy seemed to have in mind in talking with Macmillan. But he has had it in mind more than a year and a half.

Kennedy, talking to the Canadian Parliament May 17, 1961, said the United States would commit to the "NATO command area five — and subsequently still more — Polaris atomic - missile submarines, subject to any agreed NATO guidelines on their control and use."

And he added: "Beyond this we look to the possibility of eventually establishing a NATO seaborne missile force which would be truly multilateral in ownership and control, if this should be desired and found feasible."

Letters To The Editor

EDITOR OF THE REVIEW:

Relative to the Cartwright letter and to those by Johnson, Thayer et al—Wasn't Jesus on the cross when His side was ruptured by Roman soldiery?

I, this season, therefore, suggest a better emblem than the star or the cross—the crown, as an emblem of the future.

Isn't it time we ask ourselves, "Am I living in the past?" Why not a positive future and self-examination of the each of us. Am I a fit person to be a subject of the King (Christ, Jesus)?

Christ 2,000 years ago spoke of knee action, in penitence. Is this out of date? Some automobiles have it in the material way, but do we in the way of the spirit?

I humbly ask, in this letter, that the clergy preach of repentance. A thorough reading of Deuteronomy 28 gives much for thought.

Not one of these towns had Christmas decorations on the streets and stores that could even begin to match our local business district.

Our local merchants deserve honor and praise for the nicest display of the spirit of the season to be found anywhere in the valley.

I don't think anyone really knows how important these men are until they are faced with something like this.

It was deeply appreciated.

The Idea Is Clarification

The Ohio Association of Prosecuting Attorneys has gone on record to ask the new Ohio General Assembly to clarify the state's Sunday sales law. This puts more backbone into the mandate of the voters when they turned down the proposed Lawson amendment last Nov. 6.

The county prosecutors are directly concerned with the fact there is no uniformity of interpretation of the existing Blue Law and can be none as long as Ohioans pull and haul their officials this way and that way to suit their widely varying versions of the law's intent. Voters apparently want legislators to write a new set of regulations; they did not think the Lawson amendment was adequate.

The first step the General Assembly will need to take is to clear its own collective legislative mind before it can clear up the law.

IT MUST BE in complete agreement that this is a matter of business regulation that has no connection with any religious purpose.

In the Soviet Union such things are handled by forbidding all countercomment or criticism of the top executive. If there is criticism at all, it's usually at a later date, long after the initial speech. Maybe that's going to be the net effect in America, where the networks are under direct government supervision and control.

Labor Takes Over In Africa And Asia

By VICTOR RIESEL

GENEVA

In this busy mountainous neutral corner, which has been turned into the world's actual capital, there is a vital unreported story — and it is that the labor leader of today is the prime minister of tomorrow. Especially in Africa and Asia. There are at least 10 nations in those parts of the world, most of them so new the paint has just about dried on their capitol buildings, whose leaders actually were labor chiefs when they took office, frequently as premier or national president.

Victor Riesel

Furthermore, there are scores of such union chiefs who are vice premiers, cabinet members, ambassadors, or who are about to become prime ministers — in such lands as Gambia — when their lands become independent.

There has been no single political inventory of these labor prime ministers. There should be, for if they coordinate their policies, their influence, their lands, they can dominate much of Africa.

ALONG WITH their counterparts on other continents, they can become a powerful fourth bloc in the United Nations and world politics. In other parts of the world, including Europe, such labor leaders are the most forceful, often the controlling voices in Socialist and Social Democratic parties.

They could soon take power in Britain, Italy, France and other lands. In some countries the labor based parties already hold premierships.

Among the most influential of such union chiefs in Africa is Sekou Toure, president of Guinea. Henow is actually head of the Federation of Workers' Unions of Guinea. Like most of his colleagues in other African nations, he was a whitecollar worker — once having organized the treesury employes' union.

ALMOST DIRECTLY across the continent is Tanganyika. There, too, you find the laborite-chief of state phenomenon. When I was in Dar es Salaam in '59, my driver, Mkoumbi, was on the executive committee of the teamsters union.

He showed me a union button he said was made in upper New York State. Then he introduced me to some of the national leaders of the Tanganyika Federation of Labor. They took me to a union hall and sang a song they called Uhuru. Today those union officials are the heads of the new government.

A few days ago, one of them, Rashidi Kawawa was elected vice president of Tanganyika. This is the equivalent of being prime minister, under President Julius Nyerere, also one of the group I met. President Nyerere was quite active in the labor movement. Mr. Kawawa was general secretary of the Tanganyika Federation of Labor and head of the Civil Service Workers.

AND IN THE NEWS almost daily is Prime Minister Cyrille Adoula. Until he took office he was general secretary of the Congolese confederation of labor — the George Meany of the Congo.

Heading the brand new government of Uganda is another chap introduced to me in Kampala as active inside labor. He is Prime Minister Apollo Milton Obote.

Recently in a New York restaurant, I talked with a labor man by name of Kenneth Kaunda. He had been brought to me by a fellow active in American labor circles. A few days ago Kenneth Kaunda became Northern Rhodesia's minister for Local Government—virtually chief of state in in this section of the Federation Rhodesia and Nyasaland.

The federation itself, referred to as a federal unit, is headed by the conservative Prime Minister Roy Wleensky, hated by the Africans. Sir Roy was the leader of the railroad workers' union. He used this as his base of political power for a while.

IN NAIROBI, capital of Kenya —not yet independent — I covered a union mass meeting of some 5,000 workers. It was addressed by a young chap called Tom Mboya, head of the Kenya Federation of Labor. He spoke with the mellifluousness of a Harry Belafonte. That was in '59. Some one said he'd soon be prime minister.

Today he is the colony's labor minister. And he will be prime minister when Jomo Kenyatta, the pardoned aging Mau Mau chief, passes on.

In Tunisia, whose president is Habib Bourguiba, the president of the national Chamber of Deputies is Ahmed Tlilli, secretary general of the Federation of Tunisian Workers. For our purposes here, Bourguiba can be considered a man made by the Tunisian and American labor movements.

In Ghana, a powerful cabinet member with the title of Minister Plenipotentiary is John K. Tettegah.

And just to move down in the ranks a bit, there is Frederic Guirma of Upper Volta. He is its Ambassador Extraordinary and Plenipotentiary, and permanent representative to the UN.

There are others. Typical is Prime Minister Lee Kuan Yew, of Singapore. He started as a labor lawyer, adviser to the naval base workers.

Thus it is across the world. Either the labor men or their political parties are the government or about to become head of it.

The Polaris Missile

By James Marlow

WASHINGTON

A whole new era of bickering, and Moscow muttering, opens if the United States gives Britan Polaris missiles that can be fired from ocean depths to targets hundreds of miles away.

Reports from the Bahamas said President Kennedy, meeting there with British Prime Minister Harold Macmillan, was near agreement on granting the missiles — if they become part of a NATO nuclear striking force.

Such agreement, if reached in the meeting's windup today, would be new. But the idea isn't. Kennedy suggested it just a few months after taking office in 1961.

This country's European NATO partners have been edgy over the arrangement made so far for the use of nuclear weapons to defend Europe in case of attack: the United States has the weapons and controls them.

This gives Washington full and final say on whether the weapons would be used at all. Britain and France have been determined to build their own nuclear force. This can be stretched.

If a whole bunch of the NATO partners eventually had their own nuclear weapons — and individual possession of them and say-so on their use — the danger of nuclear war, brought on perhaps irresponsibly, is increased.

There is an alternative: a nuclear force made part of NATO with the 15 member nations — including the United States — having a say on how and when to use them.

This is the kind of arrangement, according to the reports from the Bahamas, Kennedy seemed to have in mind in talking with Macmillan. But he has had it in mind more than a year and a half.

Kennedy, talking to the Canadian Parliament May 17, 1961, said the United States would commit to the "NATO command area five — and subsequently still more — Polaris atomic - missile submarines, subject to any agreed NATO guidelines on their control and use."

And he added: "Beyond this we look to the possibility of eventually establishing a NATO seaborne missile force which would be truly multilateral in ownership and control, if this should be desired and found feasible."

Letters To The Editor

EDITOR OF THE REVIEW:

Relative to the Cartwright letter and to those by Johnson, Thayer et al—Wasn't Jesus on the cross when His side was ruptured by Roman soldiery?

I, this season, therefore, suggest a better emblem than the star or the cross—the crown, as an emblem of the future.

Isn't it time we ask ourselves, "Am I living in the past?" Why not a positive future and self-examination of the each of us. Am I a fit person to be a subject of the King (Christ, Jesus)?

Christ 2,000 years ago spoke of knee action, in penitence. Is this out of date? Some automobiles have it in the material way, but do we in the way of the spirit?

I humbly ask, in this letter, that the clergy preach of repentance. A thorough reading of Deuteronomy 28 gives much for thought.

EDITOR OF THE REVIEW:

The writer just returned from a trip to Marietta, passing through possibly a dozen cities down the valley, pretty much like East Liverpool.

Not one of these towns had Christmas decorations on the streets and stores that could even begin to match our local business district.

Our local merchants deserve honor and praise for the nicest display of the spirit of the season to be found anywhere in the valley.

EDITOR OF THE REVIEW:

I would like to take this opportunity to express my thanks to the firemen who so promptly answered the call to my home Monday evening when my baby was choking.

I don't think anyone really knows how important these men are until they are faced with something like this.

It was deeply appreciated.

Tragedy In Mine Fails To Kill All Yule Spirit

CARMICHAELS, Pa. (AP)—Life in the depressed coal fields of southwestern Pennsylvania is seldom easy. But the people have a way of making the best of it.

So it is this Christmas season, even in the aftermath of disaster.

Two weeks ago a tremendous explosion killed 37 men deep inside the nearby Robena No. 3 mine of U.S. Steel Corp. Thirty-four women lost husbands; 65 children under age 19 lost fathers.

A shock wave of dread and gloom engulfed this soft coal region, spreading to the 17 different towns where the miners lived—places like Carmichaels, Ronco, Masontown, Uledi, Adah, Clarksville.

Four of the victims came from Carmichaels (pop. 780), closest community to the shattered mine, which derives its very existence from coal mining.

Recalling the Dec. 6 tradegy Albert M. Hathaway, secretary of Carmichaels Borough Council, says: "The whole town was upset. There was so much concern, so much sympathy for the families involved."

There is sadness still in Carmichaels, some bitterness — and even a touch of despair. But the qualities that come through strongest are courage and determination.

"This hasn't killed Christmas for the townspeople," observes the Rev. Russell C. Owens, pastor of the First Presbyterian Church. "Certainly there is some dampening of the holiday spirit. They're sad—but they're trying to carry on as usual."

One of those widowed is Mrs. Delilah Tokish, 36, whose husband, Joseph 43, had worked in the mines for 22 years. Mrs. Tokish has three children—a boy 8, girls 3 and 12.

"At first I wasn't going to have anything for Christmas," Mrs. Tokish relates. "But the more I thought about it, the more I came to realize that Joe wouldn't want it that way. He adored the kids; he would want the best for them. So we're going to have the finest Christmas we can."

Mrs. Tokish, like other survivors, received $1,000 from a special disaster fund of the United Mine Workers Union. The union also will distribute a total of $20,000 among the families.

UMW Local 6321 has started a Christmas fund, and Uniontown Newspapers, Inc., has established a trust fund for the education, health and welfare of the children and other dependents. U.S. Steel has donated $25,000 to the latter fund.

Social Security Aide Club Guest

Social Security benefits for the disabled were explained to members of the Kiwanis Club at its meeting Thursday afternoon at the Travelers Hotel.

Walter Kimbro, manager of the district office, related the benefits. He was introduced by Roy Cooper, program chairmam.

The program was switched when Hans Hacker, local artist, was unable to appear because of illness. He will display his paintings and speak at Thursday's meeting.

Al Webber, chairman, reported a profit of over $200 from the club's pancake supper. Paul Blair, president, presided.

Pupils Give Program For Grandview PTA

Pupils of the Grandview School near Chester presented a Christmas program of songs, recitations and a skit at a meeting of the Parent-Teacher Association Thursday night.

Carols were sung. Refreshments were served 50 by the homeroom mothers. Mrs. Vernon Whittington, president, was in charge. Next meeting is Jan. 8.

Best attendance during the 115-night Yonkers, N. Y., harness meeting came the final night when 35,677 turned out.

Fund Appeal Issued As Needy Cases Rise

About 260 families had registered for Christmas baskets at the Salvation Army up to the deadline Thursday, according to Maj. William Hathorn, corps commander, who said this exceeds the 1961 figure by 60. As a result, an appeal was issued for more funds.

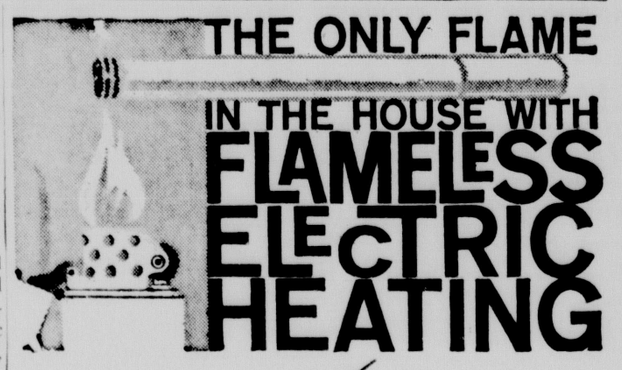

Residents were urged to make contributions in the Army's Christmas kettles on downtown streets and those who received appeals by mail were asked to send in their donations for the aid project as soon as possible "so that needy families of the area will have a brighter Christmas."

The food baskets, along with toys, will be distributed to the parents Monday. Clothing also will be given, Maj. Hathorn said.

General Tire Buys Interest In Facility

The agreement is with Phillips Chemical Co., a subsidiary of Phillips Petroleum Co. Each company's share of a synthetic type rubber known as cis-polybutadiene will be utilized or sold by it.

Mediator Warns Both Sides In New York Strike

NEW YORK (AP)—A federal mediator—expressing open annoyance at both sides in this city's 14-day newspaper strike—set a final negotiating session for today and warned he will recess the talks indefinitely if no progress is made.

"I've seen no results which merit continued meetings," mediator Stephen I. Schlossberg said at the end of Thursday's session.

He accused both the striking AFL-CIO International Typographical Union Local 6 and the Publishers Association of New York, which represents the nine metropolitan papers blacked out in the dispute, with failing to bargain seriously.

Schlossberg noted both sides had expressed concern because the strike had deprived New Yorkers of the 5½ million papers they normally buy each day.

"I suggest that the proper way to display this interest and concern is at the bargaining table," he said.

Talks were recessed by federal mediators once before—from Dec. 12 to 18. Faced with the prospect of another long recess, Local 6 President Bertram A. Powers said: "I hope they are not giving up hope. We haven't."

Amory H. Bradford, general manager of the struck New York Times and chief negotiator for the publishers, said the publishers had tried without success to get the union to modify two proposals.

It's Official: Peabody Wins Governor Post

The executive council Thursday night completed an official canvass of the recount and announced Peabody got 1,053,322 votes and Republican Gov. John A. Volpe got 1,047,891.

$132,500 To Be Asked In Tomlinson Projects

A total of $132,500 for improvements to Tomlinson Run State Park in Hancock County will be asked of the West Virginia State Legislature when it sets its budget for 1963-64 in January, N. T. Holbrook, park superintendent, said Thursday night.

The veteran park official told the Hancock County Planning and Development Commission that an additional $142,500 is needed for long-range improvement projects, but will not be asked of the State Legislature in its new budget.

Holbrook listed these projects to be financed by the state in the request for $132,500:

$30,000 for a new, 30-unit camp ground, complete with a washhouse, laundry facilities, water system, parking, roads and tables; $40,000 for resurfacing and repair of two miles of park roads; $15,000 for parking facilities at the outdoor swimming pool, and $21,000 for playground development and equipment — including two tennis courts and a softball field.

The legislature is expected to consider the park's request for funds when it convenes in January in Charleston.

At its meeting in the County Courthouse in New Cumberland, the Planning and Development Committee recommended that Mike Sinicropi of Weirton and the Rev. George Stewart of New Cumberland be re-appointed for three-year terms.

Not recommended for re-appointment "because of lack of attendance at commission meetings" were Jacob Baxter of New Cumberland and Clarence Broomhall of Newell. Their terms expire Dec. 31.

Hancock County commissioners are expected to act on the recommendations for re-appointments at their January meeting. Norman D. Ferrari, chairman, announced that officers will be elected at the commissioner's meeting Jan. 17.

and federal law against unreasonable search and seizure.

The Chester attorney, in briefs filed Thursday afternoon at 4, contends that the search warrants must list basis for belief that a person is violating a law.

The constables said earlier that they obtained warrants to raid the club in acting on complaints of illegal activities at the Rio Club. The gaming casino had been under surveillance, they said.

In similar action in the past by West Virginia State Police, undercover men have been known to visit alleged gaming establishments and use their evidence to obtain search and seizure warrants.

The office of Prosecuting Atty. Floyd R. Tarr is expected to move by Jan. 3 in filing counter-briefs to those of Atty. Conklin.

If Atty. Conklin's contention that the warrants are invalid is overruled, the way would apparently be clear for hearings for the defendants before Squire Allison.

The constables confiscated dice, whisky and slot machines in the Dec. 2 raid, interrupting a barbut game, they said. There were 60 patrons in the building at the time. Apparently angry at having their gaming money seized by the officers, some patrons slipped outside and punctured the tires of two cars owned by the raiding party.

Snow

(Continued from Page One)

snowstorm struck in the Weirton part of Hancock County.

Julian Wilson, supervisor, said the storm came in from a southerly direction. Snow began falling in the Weirton area at 2 a.m. and the rest of the county at 6:30.

Eight trucks were busy today spreading cinders on the snow-slicked roads, including the Chester Hill.

The garage was warned to expect 4 to 6 inches of snow.

Pennsylvania State Police at Carnegie and Beaver Falls said roads in their areas were becoming slick and snow-covered, urging motorists to use caution. Road crews were out, they said.

With "quite a bit" of Christmas mail still to be delivered, the possibility of heavy snow caused concern for Postmaster Samuel W. Brown and postal drivers.

"Because of the limited number of trucks for deliveries on mounted and rural routes, we've had it if any skid into ditches or get stalled," Brown said.

As an example of the problems encountered during the office's busiest time of the year, Brown said a truck finally broke down Wednesday.

Aware that the transmission might go bad at any time, arrangements were made to secure a new transmission from Cleveland and it was hauled into East Liverpool by star route drivers. A mechanic worked all night to return the truck to service Thursday.

Temperatures were below freezing this morning and the day's high may not exceed 22 to 26 degrees. The downtown had a 23 reading at 6 a.m. and the Leetonia garage reported 22.

Tonight's low range will be 18 to 22. There will be little temperature change Saturday with occasional light snow expected.

Atty. Elliott Lists $709 Expense In Race For Senate

Atty. Donald W. Elliott of Rogers spent $709 in an unsuccessful campaign for the state senate in the 20th-22nd District in the Nov. 6 general election, he said in a sworn statement filed Thursday with the County Election Board.

The Rogers Republican lost to Atty. Edmund A. Sargus of St. Clairsville, the Democratic incumbent.

Asst. Chief David Anderson, chairman, reported the firemen's One-Mill Levy Committee spent $270.50 promoting renewal of the measure in East Liverpool.

Expenses of $25 were reported by Elmer Conkle of Rogers R.D. 1, sponsor of an issue in Elkrun Township to legalize sale of liquor by the glass. It was defeated.

Franklin Township trustees reported they had no expenses in connection with the election. The report was signed by Coletta Kelley, clerk.

$3,000 Netted So Far In County's MD Drive

LISBON — About $3,000 has been collected to date in the Columbiana County Muscular Dystrophy Chapter's fund drive. The goal is $6,000 according to John Cosma of Lisbon, president.

Miss Jane Royle of Salem, campaign chairman, said some cannisters are still uncollected. Anyone desiring to contribute may mail donations to the chapter at 818 Lundy Ave., Salem.

A total of $5,835 was collected in 1961.

$400 Taken At Store

LISBON — Theft of $400 in currency from the open safe of the Hillyer Foodliner, 126 E. Chestnut St., after closing Thursday night, was reported to police. Bakery personnel, which came to work at 3:30 a.m., saw nothing amiss but when going to the safe for change about 8 a.m. discovered it had been looted. Patrolman Leon Zahrndt is investigating. There was no sign of forcible entry.

Wellsville VFW Post Sets Holiday Dances

Plans for holiday dances were announced at the meeting of Wellsville VFW Post 9285 Wednesday night at the post home with Ed Parker, commander, presiding.

The Supremes, organ combo, will play for the pre-Christmas dance Saturday night at 9 and the Revelers, Pittsburgh combo, will provide the music for the New Year's Eve party. Melvin Boggs is chairman of tomorrow's affair.

Bylaws were adopted on third reading and Parker reported on the District 6 session he attended at Dover. Members were urged to pay their 1963 membership by Dec. 31. Next meeting is Jan. 2.

3 Elected In Hancock Given Oath Of Office

Judge Ralph E. Pryor administered the oath Thursday noon to three of four persons elected to Hancock County posts in the Nov. 6 general election, while about 50 friends and relatives looked on in Circuit Court chambers in New Cumberland.

Sworn in were two new members of the county's official family — Dan Grossi, clerk of Circuit Court and Robert E. Roach, county commissioner — in addition to Donald G. Stewart, veteran county clerk.

Miss Callie Tsapis, member of the House of Delegates will receive the oath when the State Legislature convenes in January in Charleston. Refreshments were served.

The convict, who is serving a term for burglary, said he had knowledge of burglaries by members of the Cleveland police department. Little was done to follow up the story because investigators doubted the convict's credibility, DiSalle said.

DiSalle Submits Possible Data In Police Scandal

COLUMBUS, Ohio (AP)—Gov. Michael V. DiSalle has sent possible new evidence in Cleveland's police-burglary scandal to Cuyahoga County Prosecutor John T. Corrigan.

DiSalle said the information was obtained nearly a year ago from an unidentified convict at Ohio Penitentiary.

The convict, who is serving a term for burglary, said he had knowledge of burglaries by members of the Cleveland police department. Little was done to follow up the story because investigators doubted the convict's credibility, DiSalle said.

Man In Prison 47 Christmases Is Going Home

JOLIET, Ill. (AP) — William Russell Pethick, who has spent the last 47 Christmases in Illinois prisons, is going home for this one.

Pethick, 69, received a life sentence in 1915 for the knife slaying of a Chicago woman and her 2-year-old son. He has never ridden in an auto, craned his neck at a skyscraper or seen the home he is going to.

The Illinois Board of Pardons and Paroles, which four times previously rejected Pethick's pleas for freedom, said Thursday he would be freed if a home and a job were offered.

The Salvation Army came through.

Pethick says his first plans are to visit the graves of his parents in Chicago.

Hints *from* Heloise

— By Heloise Cruse —

Dear Heloise: A friend of mine just recently had a huge plumbing bill because the main disposal pipes in her house were blocked solid with lint from the washing machine.

One of her friends suggested using an old nylon stocking slipped over the drain hose so that just the foot was hanging free. The leg part of the stocking was anchored by tying or using a tight elastic band, slipped over the end of the drain hose to secure it in place.

I tried this myself and the results were amazing.

In just four days a ball of lint . . . the size of my fist had accumulated in the foot of the stocking itself!

This is truly the best hint I have ever received in my 16 years of housekeeping.

HELEN H.

Household Hints

DEAR HELOISE:

I do not have a shower to put my high chair in . . . so . . . I take it out in the yard and squirt a while with the garden hose and this works beautifully.

I make my own sour cream by using double the amount of dry milk. For example, instead of one-third cup of dry milk to three-fourths cup water, I use two-thirds cup dry milk and three-fourths cup of water, and add a little vinegar. After I beat it well I have perfect sour cream.

For something different . . . have you ever tried baking a regular box cake in your angelfood cake pan? I did and it turned out beautifully.

LUCKY.

DEAR HELOISE:

Would you please tell me when to put your vinegar in my laundry? Is it in the wash or the rinse water?

MRS. B.O.A.

I use it in the last rinse water.

HELOISE.

DEAR HELOISE:

Do you ever put frozen vegetables such as peas to cook and worry that the peas in the center of the frozen lump won't get cooked without overcooking the loose peas?

Well, before opening the package . . . whack it! Whack all four sides. Then, take hold of the opposite end and whack all four sides again. I whack hard on my kitchen counter.

If you are recklessly violent you will find when you open a package that each pea is separate and ready to be cooked evenly with its fellows.

C.M.B.

1-14 TIP FOR PIE BAKERS .

DEAR HELOISE:

Here is a tip for pie bakers: If the filling for your berry pie seems a little too sweet or flat. . . add the juice of one-half lemon!

This not only takes away the too-sweet taste but brings out the flavor of the berries.

BESSIE POIROT.

DEAR GALS: It works! I just made a cherry pie.

And incidentally while we're on the subject of cherry pies, I would like to bring to your attention the fact that food coloring can always be added to cherries when baking pies.

I added a few drops of red coloring into my thickening. It made it just look like the professionals'. Now, don't tell me that old psychology doesn't work. My family ate this one with relish.

HELOISE.

DEAR HELOISE: To keep these little, yellow squashes from getting limp after a day or two, I wash them and pop them into a plastic bag, fold the end over, and fasten it. And they keep at least two weeks in the vegetable drawer of my refrigerator.

OLDSTER.

Man In Prison 47 Christmases Is Going Home

JOLIET, Ill. (AP) — William Russell Pethick, who has spent the last 47 Christmases in Illinois prisons, is going home for this one.

Pethick, 69, received a life sentence in 1915 for the knife slaying of a Chicago woman and her 2-year-old son. He has never ridden in an auto, craned his neck at a skyscraper or seen the home he is going to.

The Illinois Board of Pardons and Paroles, which four times previously rejected Pethick's pleas for freedom, said Thursday he would be freed if a home and a job were offered.

The Salvation Army came through.

Pethick says his first plans are to visit the graves of his parents in Chicago.

Hints *from* Heloise

— By Heloise Cruse —

Dear Heloise: A friend of mine just recently had a huge plumbing bill because the main disposal pipes in her house were blocked solid with lint from the washing machine.

One of her friends suggested using an old nylon stocking slipped over the drain hose so that just the foot was hanging free. The leg part of the stocking was anchored by tying or using a tight elastic band, slipped over the end of the drain hose to secure it in place.

I tried this myself and the results were amazing.

In just four days a ball of lint . . . the size of my fist had accumulated in the foot of the stocking itself!

This is truly the best hint I have ever received in my 16 years of housekeeping.

HELEN H.

Household Hints

DEAR HELOISE:

I do not have a shower to put my high chair in . . . so . . . I take it out in the yard and squirt a while with the garden hose and this works beautifully.

I make my own sour cream by using double the amount of dry milk. For example, instead of one-third cup of dry milk to three-fourths cup water, I use two-thirds cup dry milk and three-fourths cup of water, and add a little vinegar. After I beat it well I have perfect sour cream.

For something different . . . have you ever tried baking a regular box cake in your angelfood cake pan? I did and it turned out beautifully.

LUCKY.

DEAR HELOISE:

Would you please tell me when to put your vinegar in my laundry? Is it in the wash or the rinse water?

MRS. B.O.A.

I use it in the last rinse water.

HELOISE.

DEAR HELOISE:

Do you ever put frozen vegetables such as peas to cook and worry that the peas in the center of the frozen lump won't get cooked without overcooking the loose peas?

Well, before opening the package . . . whack it! Whack all four sides. Then, take hold of the opposite end and whack all four sides again. I whack hard on my kitchen counter.

If you are recklessly violent you will find when you open a package that each pea is separate and ready to be cooked evenly with its fellows.

C.M.B.

1-14 TIP FOR PIE BAKERS .

DEAR HELOISE:

Here is a tip for pie bakers: If the filling for your berry pie seems a little too sweet or flat. . . add the juice of one-half lemon!

This not only takes away the too-sweet taste but brings out the flavor of the berries.

BESSIE POIROT.

DEAR GALS: It works! I just made a cherry pie.

And incidentally while we're on the subject of cherry pies, I would like to bring to your attention the fact that food coloring can always be added to cherries when baking pies.

I added a few drops of red coloring into my thickening. It made it just look like the professionals'. Now, don't tell me that old psychology doesn't work. My family ate this one with relish.

HELOISE.

DEAR HELOISE: To keep these little, yellow squashes from getting limp after a day or two, I wash them and pop them into a plastic bag, fold the end over, and fasten it. And they keep at least two weeks in the vegetable drawer of my refrigerator.

Jury Slated To Get Hoffa Case Today

NASHVILLE, Tenn. (AP)—The lengthy conspiracy trial of Teamsters Union President James R. Hoffa goes to the jury today, barring last-minute complications.

The judge's charge and a final hour of argument by the government remain before the U.S. District Court jury begins its deliberations.

Another element of mystery was injected into the 9-week-old trial Thursday when the court went into an overtime session from which newsmen and spectators were barred. Court adjourned an hour later with nobody willing to tell what happened.

Following a similar secret session two weeks ago a member of the jury was replaced by an alternate. No explanation was given.

The latest secret conference was held to consider a motion government attorneys said they wanted taken up in the absence of press and spectators.

Hoffa is charged with conspiring to violate the Taft-Hartley Act by accepting concealed payoffs from Commercial Carriers, Inc., in return for labor peace.

The government contends Commercial Carriers set up and operated Test Fleet Corp. for Hoffa's benefit as insurance against labor difficulties with the Teamsters Union.

Half the stock in Test Fleet, formed in 1949, was listed in Mrs. Hoffa's maiden name. The government said this was a device to conceal the actual ownership. The prosecution says its evidence shows Hoffa got at least $51,000 in Test Fleet profits.

County GOP Airs 'Plums'

State and district positions that may be available after the new administration of Gov. - elect James A. Rhodes takes over the state government were discussed by the Columbiana County Republican Executive Committee at a meeting Thursday night in Lisbon Village Hall.

The "plums" include those of deputy registrars of motor vehicles, the agents in each community who issue auto license plates and driver's licenses. The positions traditionally change with a turnover in administrations from one major party to another.

When positions are available, the county committee may make endorsements to the Rhodes' GOP administration. The new governor will take over from Michael V. DiSalle, Democrat, whom he defeated in the November general election.

The committee also discussed plans for the municipal, village and township elections in 1963. Atty. Charles A. Pike of Lisbon, chairman, presided.

UNITED NATIONS, N.Y. (AP) —Robert K. A. Gardiner, the U.N. chief in the Congo, headed back there today to direct the next phase of the drive to end the 29-month-old secession of Katanga province.

Truman's group left Andrews Air Force Base in Maryland late Thursday for Leopoldville.

Truman said he expected to spend five or six days in the Congo studying whether the United States could fill specific requests for military equipment for the U.N. Congo force.

He said there were no plans for him to leave anybody in the Congo and no plans for a U.S. military training mission there. He declined to say what kind of military equipment the United Nations had asked the United States for but U.S. deputy delegate Charles W. Yost said he doubted that the United States would supply fighter planes.

One informant reported the United Nations had asked for transport planes, helicopters, jeeps and temporary bridges.

Jury Slated To Get Hoffa Case Today

NASHVILLE, Tenn. (AP)—The lengthy conspiracy trial of Teamsters Union President James R. Hoffa goes to the jury today, barring last-minute complications.

The judge's charge and a final hour of argument by the government remain before the U.S. District Court jury begins its deliberations.

Another element of mystery was injected into the 9-week-old trial Thursday when the court went into an overtime session from which newsmen and spectators were barred. Court adjourned an hour later with nobody willing to tell what happened.

Following a similar secret session two weeks ago a member of the jury was replaced by an alternate. No explanation was given.

The latest secret conference was held to consider a motion government attorneys said they wanted taken up in the absence of press and spectators.

Hoffa is charged with conspiring to violate the Taft-Hartley Act by accepting concealed payoffs from Commercial Carriers, Inc., in return for labor peace.

The government contends Commercial Carriers set up and operated Test Fleet Corp. for Hoffa's benefit as insurance against labor difficulties with the Teamsters Union.

Half the stock in Test Fleet, formed in 1949, was listed in Mrs. Hoffa's maiden name. The government said this was a device to conceal the actual ownership. The prosecution says its evidence shows Hoffa got at least $51,000 in Test Fleet profits.

ANSWERS YOUR PROBLEMS

Dear Ann Landers: People seem to enjoy airing their gripes in your column. Even if it never gets into the paper it makes a person feel good to get it out of his system. Here is mine:

My next-door neighbor always has to have a fancy name for her everyday ailments. She never has a common cold, like other people, it's got to be an infected sinus or a virus. Her headaches are migraines and a cough is a bronchial infection.

My kids get pink-eye but not hers. They get conjunctivitis. Of course she couldn't possibly have a toothache like anyone else. It must be something with complications—such as an abscessed or impacted tooth.

Last night we were together at a social gathering. This woman got stiff and fell down a few stairs leading to the dining room. "Inner ear trouble" she called it.

Why is she like this? — RANKLED.

-:-

Dear Rankled: The poor thing must glamorize her ailments in an effort to elevate herself above the common herd. Such a person is to be pitied even though she is indeed a cervicodynia, which is a medical term for pain in the neck.

Reluctant Father

Dear Ann Landers: I'm a young mother with a big problem. My husband and I have been happily married for seven years. We have an adorable little 5-year-old girl.

I've been wanting another baby for three years but my husband's stock answer is, "One is enough." I argued and argued but it did no good. Well, now it has happened, and I am pregnant.

I thought he would change his mind and be happy once a baby was on the way, but I was wrong. He is furious with me and refuses to speak unless it is absolutely essential. When people offer congratulations he makes ugly remarks and I could die from embarrassment.

I can't figure out why he is so upset, Ann. He thinks the world of our little girl. Please tell me what to do. I've tried everything without success.—IDES OF MARCH.

-:-

Dear Ides: Stop trying to placate the clod. Of course his behavior is unspeakable but he isn't thinking straight these days and buttering him up won't help.

The responsibility of another child may be frightening to him and he is reacting badly. After the baby arrives he probably will be the proudest pa on the block.

Vocal Minority

Dear Ann: I'm a sophomore in high school and sinking fast. I got a strong B average the first period. The second period will be a different story. My grades have been slipping and I'll be lucky to get a C average.

The trouble is at home. Every time I start to do homework the TV goes on, the washing machine starts, my kid brothers fight, the dog barks and we get company.

It's impossible to get into the college I want without topnotch grades. I'm trying to build a good record now so I won't be crying the blues later. But how can I, with all these distractions at home?

When I complain my dad tells me I should do my homework right after school instead of waiting till after supper. I can't, because there are so many activities after school and I hate to miss them. Please tell me what to do. —LIVING IN A FISHBOWL.

Dear Living: You can't ask your folks to get rid of the TV and washing machine, kick out your brothers, shoot the dog and bar company from your home. Surely there is ONE room where you can go and close the door.

If not, then stay at school and do your homework in the library. Yes, and pass up the activities.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

AP Leases Exclusive Cable For Transmission Of Photos

NEW YORK (AP)—The Associated Press has leased an exclusive cablephoto circuit under the Atlantic for high fidelity transmission of newspictures between the United States and Europe, Wes Gallagher, AP general manager, announced today.

The two-way photo channel is the first transoceanic cable circuit ever leased by a news service for picture transmission.

It will be available 24 hours a day and capable of simultaneous transmissions to and from Europe, with all the flexibility inherent in an exclusive facility of this kind, Gallagher's announcement said.

He said that, in effect, the circuit will link the two AP Wirephoto networks of Europe and North America, networks that serve hundreds of newspapers and television stations.

The circuit is being leased from Press Wireless, Inc. The transatlantic segment is in the telephone cable between Montreal and London. Tests will begin early in January, and D. K. Deneuf, Press Wireless president, said the circuit probably will be ready for regular AP operations in mid-January.

Picture traffic between the United States and Europe over past years has been mainly by radio, although in recent months AP has been using commercial cable facilities on a per-picture toll basis because of the superior quality and consistency of the cable transmissions.

Gallagher said the new Atlantic circuit will give AP 24-hour-a-day wirephoto and cablephoto connections extending from Rome to San Francisco—an airline distance of about 6,500 miles.

Authorities To Return 2 City Boys In West

Juvenile probation officer James Miller of Salineville will leave Wednesday for Albuquerque, N. M., to return two East Liverpool juveniles.

The boys, 16 and 17, were apprehended by New Mexico authorities for three burglaries.

The two also admitted 10 other burglaries in Oklahoma and Illinois, authorities said.

They will receive hearings before Juvenile Judge Louis Tobin, who requested New Mexico authorities to allow him to handle the cases.

Ohio Top State In Midwest On New Works Fund

CHICAGO (AP) — Ohio is receiving more funds under the newly enacted Federal Accelerated Public Works Program than any other state in the midwest region, the Chicago office of the U.S. Department of Health, Education and Welfare says.

It has been announced that Ohio cities will receive a total of $1,959,039 for a Barnesville Hospital addition ($45,000), 48 chronic beds at Georgetown's Brown County Hospital ($150,000), 104 beds at Green Spring's Villa Maria Nursing Home ($496,000), a public health center at Lorain ($22,500), 162 beds at Middletown Hospital ($1,132), Warren's Trumbull County Tuberculosis Hospital ($113,477).

The Green Springs nursing home also will receive $200,000 through the Hill-Burton Act.

Former City Resident Passes Fireman Test

George E. Bennett of Alexandria, Va., former local resident, was graduated Tuesday from the Washington Fire Department Training School following a two month course.

The class of 16 were chosen following extensive advance training. He became a member of the fire department of Washington on Dec. 17, 1961, and completed his probationary period in March.

He is married to the former Jana Lee Hall and they have a daughter, Kimberly Kaye.

Why is she like this? — RANKLED.

-:-

Dear Rankled: The poor thing must glamorize her ailments in an effort to elevate herself above the common herd. Such a person is to be pitied even though she is indeed a cervicodynia, which is a medical term for pain in the neck.

Reluctant Father

Dear Ann Landers: I'm a young mother with a big problem. My husband and I have been happily married for seven years. We have an adorable little 5-year-old girl.

I've been wanting another baby for three years but my husband's stock answer is, "One is enough." I argued and argued but it did no good. Well, now it has happened, and I am pregnant.

I thought he would change his mind and be happy once a baby was on the way, but I was wrong. He is furious with me and refuses to speak unless it is absolutely essential. When people offer congratulations he makes ugly remarks and I could die from embarrassment.

I can't figure out why he is so upset, Ann. He thinks the world of our little girl. Please tell me what to do. I've tried everything without success.—IDES OF MARCH.

-:-

Dear Ides: Stop trying to placate the clod. Of course his behavior is unspeakable but he isn't thinking straight these days and buttering him up won't help.

The responsibility of another child may be frightening to him and he is reacting badly. After the baby arrives he probably will be the proudest pa on the block.

Vocal Minority

Dear Ann: I'm a sophomore in high school and sinking fast. I got a strong B average the first period. The second period will be a different story. My grades have been slipping and I'll be lucky to get a C average.

The trouble is at home. Every time I start to do homework the TV goes on, the washing machine starts, my kid brothers fight, the dog barks and we get company.

It's impossible to get into the college I want without topnotch grades. I'm trying to build a good record now so I won't be crying the blues later. But how can I, with all these distractions at home?

When I complain my dad tells me I should do my homework right after school instead of waiting till after supper. I can't, because there are so many activities after school and I hate to miss them. Please tell me what to do. —LIVING IN A FISHBOWL.

Dear Living: You can't ask your folks to get rid of the TV and washing machine, kick out your brothers, shoot the dog and bar company from your home. Surely there is ONE room where you can go and close the door.

If not, then stay at school and do your homework in the library. Yes, and pass up the activities.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

AP Leases Exclusive Cable For Transmission Of Photos

NEW YORK (AP)—The Associated Press has leased an exclusive cablephoto circuit under the Atlantic for high fidelity transmission of newspictures between the United States and Europe, Wes Gallagher, AP general manager, announced today.

The two-way photo channel is the first transoceanic cable circuit ever leased by a news service for picture transmission.

It will be available 24 hours a day and capable of simultaneous transmissions to and from Europe, with all the flexibility inherent in an exclusive facility of this kind, Gallagher's announcement said.

He said that, in effect, the circuit will link the two AP Wirephoto networks of Europe and North America, networks that serve hundreds of newspapers and television stations.

The circuit is being leased from Press Wireless, Inc. The transatlantic segment is in the telephone cable between Montreal and London. Tests will begin early in January, and D. K. Deneuf, Press Wireless president, said the circuit probably will be ready for regular AP operations in mid-January.

Picture traffic between the United States and Europe over past years has been mainly by radio, although in recent months AP has been using commercial cable facilities on a per-picture toll basis because of the superior quality and consistency of the cable transmissions.

Gallagher said the new Atlantic circuit will give AP 24-hour-a-day wirephoto and cablephoto connections extending from Rome to San Francisco—an airline distance of about 6,500 miles.

Authorities To Return 2 City Boys In West

Juvenile probation officer James Miller of Salineville will leave Wednesday for Albuquerque, N. M., to return two East Liverpool juveniles.

The boys, 16 and 17, were apprehended by New Mexico authorities for three burglaries.

The two also admitted 10 other burglaries in Oklahoma and Illinois, authorities said.

They will receive hearings before Juvenile Judge Louis Tobin, who requested New Mexico authorities to allow him to handle the cases.

The Green Springs nursing home also will receive $200,000 through the Hill-Burton Act.

City Workers Collect Raise

Just in time for Christmas, about 150 city employes drew their first paychecks Thursday under a higher scale that went into effect Dec. 1.

Prepared by Auditor Lawrence C. Applegate and Treasurer Bert A. Dawson, the checks covered hours worked Dec. 1-15. Council enacted the legislation for the higher scales Oct. 29, covering virtually all appointive employes.

The raises were substantial enough to make an appreciable difference in holiday buying power. For instance, the 16 - cent hourly boost given laborers and truck drivers mean $12.80 more in gross earnings for two 40-hour weeks.

Rank-and-file members of the fire and police departments were boosted by $45 monthly — $22.50 per pay period.

Varying amounts were provided for other employes, but they averaged out to about $30 more monthly. Smaller boosts were given some clerical employes.

The Council finance committee, which recommended the boosts, said they will cost the city approximately $57,000 more annually for payrolls.

No elective officials are included. State law prohibits raising an elected officer's pay except at the beginning of his term.

Two Population Centers Split In Dominican Vote

SANTO DOMINGO, Dominican Republic, (AP) — The two chief population centers of the Dominican Republic were divided today in their preference for president on the basis of early unofficial election returns.

Returns from the voting Thursday compiled by El Caribe, independent morning newspaper, showed the reform-minded Juan Bosch of the leftist Dominican Revolutionary party leading in the federal district by more than two to one over his major opponent.

Dr. Viriato A. Fiallo, the conservative National Civic Union candidate and the other chief contender, had a decided advantage in the Cibao Valley where 60 per cent of the population lives.

El Caribe's figures gave Bosch 50,638 to 20,401 for Fiallo in the capital area.

At Moca, in the Cibao Valley, Fiallo was ahead 14,349-2,299. Fiallo also led Bosch 12,757-7,075 at Puerto Plata on the north coast.

These returns were but a fraction of the estimated 900,000 votes cast in the election, the first free ballot in this republic since 1924. Final official returns were not expected before Sunday.

Ex-Sen. Green, 95, Still On Critical List

PROVIDENCE, R.I. (AP)—Former U.S. Senator Theodore Francis Green, 95, regained consciousness and spent a comfortable night but remained on the critical list early today at Jane Brown Hospital.

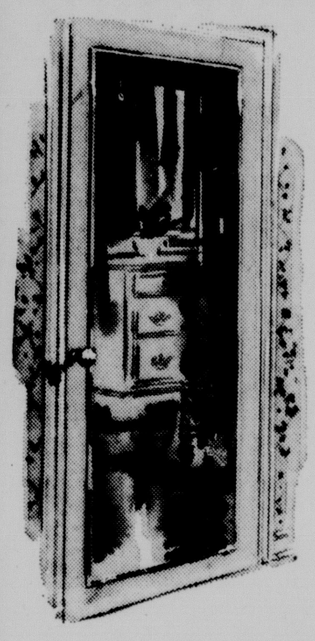

Green, oldest man ever to serve in the United States Senate, had been in a coma after what his doctor described as a series of light shocks complicated by a pulmonary infection. He was in a coma when taken to the hospital Wednesday.

Greeen served as Rhode Island governor from 1933 to 1937. He was U.S. senator for 24 years until he decided not to seek re-election in 1960.

Election Board Staff Finally Takes Holiday

After more than a generation of working on most holidays, the County Election Board's staff finally will take some extra time off.

Frank R. O'Hanlon, the veteran clerk, announced the office on W. 6th St. will be closed from 4:30 this afternoon until 8:30 Wednesday morning to give the staff a long Christmas weekend.

The staff is caught up in its work — in fact it's well ahead of schedule in preparation for the 1963 elections, O'Hanlon said.

Many holiday observed by federal, state, county and city offices are just another work day for the Election Board. Many come at the height of the rush of election preparations. For instance, the staff rarely takes time off for such holidays as Veterans Day, Lincoln's Birthday and Washington's Birthday.

Keep In Trim

By IDA JEAN KAIN

Habit Called Secret Of Keeping Slim

Triumphant at having lost the burden of fat, a dieter writes: "I wouldn't be fat again for anything on earth! I feel wonderful, and my friends say I look years younger. Won't you please give me some rules for holding the weightline."

Ida Jean Kain

Good! You like the feeling of being slim. Continue to think like the slim, attractive, vital woman you are now. Thinking makes it so! Reducing is a mental achievement. You set your mind to slimming and aimed in the direction of your goal.

You can keep slim with this same inspired formula. Continue to picture yourself a beautiful normal weight and all the forces of nature come to your aid. What this amounts to is a built-in-slimming system.

—:—

YOU HAVE THE upper hand on your appetite — keep it. How? By never deliberately overeating. It's only overeating that's fattening. Scientific reports show that continued restriction of food intake can have a lasting effect on body weight.

Having re-educated your food habits, you can keep slim by habit. If this were not so I would not tell you! The successful dieters who stay slim all say, "It's just habit now."

Habit is a big factor in keeping slim. Does this mean you will not enjoy eating? No! What it really means is that you will not crave to overeat. You no longer in your mind associate good eating with overeating. The surprise factor in the protective diet is that you like this new way of eating which builds slimness.

What are the food habits that can help you to hold the weightline? There is much emphasis on high - quality protein and all the protective foods as being ideal for reducing. They are, of course, but these same protective foods are equally essential in maintaining ideal weight. A good breakfast sets the pattern for the day.

Continue to eat three moderate meals a day, and do not overeat at any one meal.

Many of you ask the score on cocktails in a keeping slim program. When a cocktail is taken before dinner, skip dessert. Since alcohol calories are not much account, nutritionally speaking, they can never replace the meat, potato, vegetable, salad part of the meal.

—:—

DON'T OVERLOOK the role of exercise in keeping slim. Plan for some kind of exercise that you really enjoy. Well - toned muscles help you to look trim, and this keeps the compliments coming. It's more fun to be slim!

Send a stamped, self - addressed, long envelope for "Revised Calorie Chart." Address your request to Ida Jean Kain in care of The Review. Postcard requests cannot be answered.

Keep In Trim

By IDA JEAN KAIN

Habit Called Secret Of Keeping Slim

Triumphant at having lost the burden of fat, a dieter writes: "I wouldn't be fat again for anything on earth! I feel wonderful, and my friends say I look years younger. Won't you please give me some rules for holding the weight-line."

Ida Jean Kain

Good! You like the feeling of being slim. Continue to think like the slim, attractive, vital woman you are now. Thinking makes it so! Reducing is a mental achievement. You set your mind to slimming and aimed in the direction of your goal.

You can keep slim with this same inspired formula. Continue to picture yourself a beautiful normal weight and all the forces of nature come to your aid. What this amounts to is a built-in-slimming system.

—:—

YOU HAVE THE upper hand on your appetite — keep it. How? By never deliberately overeating. It's only overeating that's fattening. Scientific reports show that continued restriction of food intake can have a lasting effect on body weight.

Having re-educated your food habits, you can keep slim by habit. If this were not so I would not tell you! The successful dieters who stay slim all say, "It's just habit now."

Habit is a big factor in keeping slim. Does this mean you will not enjoy eating? No! What it really means is that you will not crave to overeat. You no longer in your mind associate good eating with overeating. The surprise factor in the protective diet is that you like this new way of eating which builds slimness.

What are the food habits that can help you to hold the weight-line? There is much emphasis on high - quality protein and all the protective foods as being ideal for reducing. They are, of course, but these same protective foods are equally essential in maintaining ideal weight. A good breakfast sets the pattern for the day.

Continue to eat three moderate meals a day, and do not overeat at any one meal.

Many of you ask the score on cocktails in a keeping slim program. When a cocktail is taken before dinner, skip dessert. Since alcohol calories are not much account, nutritionally speaking, they can never replace the meat, potato, vegetable, salad part of the meal.

—:—

DON'T OVERLOOK the role of exercise in keeping slim. Plan for some kind of exercise that you really enjoy. Well - toned muscles help you to look trim, and this keeps the compliments coming. It's more fun to be slim!

Send a stamped, self - addressed, long envelope for "Revised Calorie Chart." Address your request to Ida Jean Kain in care of The Review. Postcard requests cannot be answered.

Out Of The Air

By ALAN GILL

The Oldtime Analysts Return To The Air

In the Longfellow poem, the "Birds of Killingworth" finally did return to the forlorn town which had driven them away, and Killingworth was a happy place once more.

Alan Gill

I suppose New York City will be a happy place, too, when its newspapers are again unstruck. (Buck up, old town, Dick Tracy's on his way.) A few years ago—I don't know just when or just how—we drove the analysts off television, and the place has been a haunted, deserted aviary ever since.

-:-

BUT SUNDAY NIGHT, on Howard K. Smith's open house at ABC - TV, we had the analysts back and it was like old times. Birds in the trees. Newspapers on the stands. Analysts in the living room. Wonderful!

The guest elucidators were none other than H. V. Kaltenborn, who is 84 now and smarter than he was 20 years ago; Raymond Gram Swing, still dry and crisp as cornflakes in his 73rd year, and Edward R. Murrow, at 53 one of the doddering elders on the New Frontier.

What did these three kids do on the Smith show? They played games.

"Gentlemen," Smith said, "what do you consider the most important event in the course of your lifetime?"

Then: "Can you tell me," he said, "the greatest man you have met in your lifetimes?"

Finally, he asked them to enumerate the "greatest blunder or failure" and the "greatest triumph of civilization" in their years of covering the news.

-:-

WERE THE GAMES fun? They were terrific!

Kaltenborn came up with not one but two "most important events." For "personal" reasons, he cited the Spanish-American War, because "it took me out from my small Wisconsin town into the world for the first time."

But from a more global viewpoint he chose the beginning of World War I.

For Swing, it was the opening of the Atomic Era.

For Murrow: America's "abandonment of isolationism," the "complete denial of our past."

The greatest men were Ghandi (Kaltenborn); Churchill, Roosevelt and Einstein (Swing), and, because most great men "had wives who were better men than they were," Mrs. Roosevelt and Lady Churchill (Murrow).

-:-

BLUNDERS or setbacks:

The invention of the atom bomb, said old H.V.

But Swing felt it was the decision of the Allied fleet in 1915 not to go back through the Dardanelles. (We shall not go into his remarkable explanation for this selection here, except to say that it was persuasive.)

Murrow thought Molotov was responsible for the greatest gaffe of the day when, at the Paris conference on the Marshall Plan, he could have wrecked the plan but didn't.

-:-

SO IT WENT, all of us sitting around the back parlor playing "Favorites."

But there was also side discussions on Woodrow Wilson's love letters to his first wife ("the most charming in all literature"), a bit of optimism (Kaltenborn's "I look at the world, and with all its faults I see it making progress") and some pessimism.

"Every method that ever has been invented or developed for destruction has been used," Kaltenborn said gloomily. "In fact, the destructive things have been used more quickly and more easily than those that are constructive."

-:-

THEN THERE WAS a small skirmish over the greatness of FDR.

"Lack of moral character," Kaltenborn pronounced, making the R's click.

Mr. Swing thought this language a little strong and leaped to Roosevelt's defense. But, he conceded, "I thought he was devious."

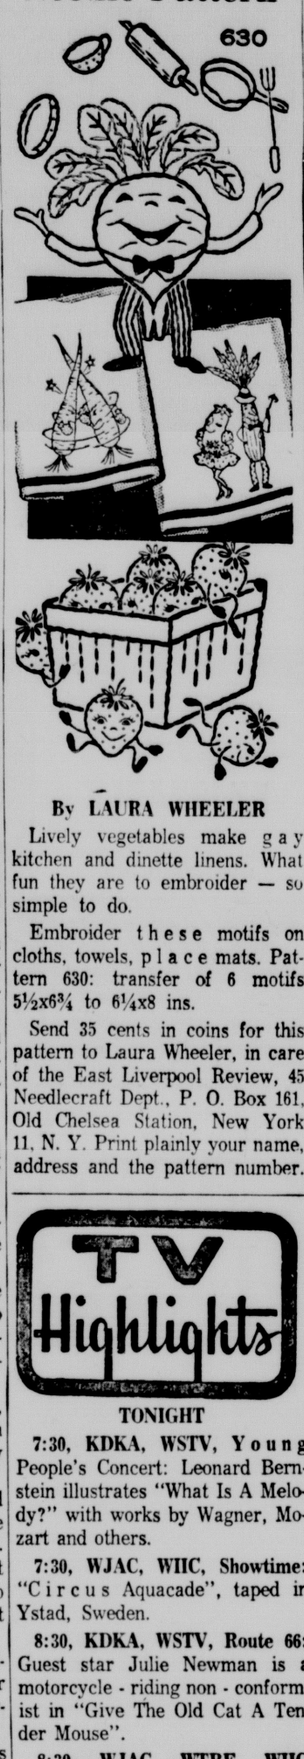

"Raymond," said Kaltenborn, "I'm willing to accept devious in place of whatever term I may have used."

A viewer may not have agreed with all that was said during the short 30 minutes Howard K. Smith was alloted, but that's what analysts are for. To poke. To disturb. To stimulate. To (at times) convince.

And, with the exception of Elmer Davis, there was none better than Kaltenborn, Swing and Murrow.

As Smith said at program's end: "Gentlemen, may I only say that I think I speak for a lot of Americans when I say we have been missing you."

Jewish Hanukka Starts Tonight

At this time of year many persons say to one another, Happy Hanukkah" insead of "Merry Christmas". Indeed, some Gentiles say "Happy Hanukkah" to their Jewish friends and neighbors, who may graciously reply, "Merry Christmas". I spent many years teaching. As I recall, it was a custom of some of us teachers, on the last day before the Christmas holidays to say to the children at the close of school, "Merry Christmas". I also recall that I often had a number of Jewish children in some of my classes.

Dr. Garry Meyers

—:—

I WISH I HAD said to these classes "Merry Christmas" and "Happy Hanukkah". Maybe then some of the children would have said "Happy Hanukkah" to their classmates as they left for home, feeling it as proper and cordial as to say "Merry Christmas" to others.

The procedure would have fostered the spirit of kindness and good will which prevails among most of us around this time of year.

Also, if I were a Sunday school teacher again in a Christian church school, I would take the opportunity to help my children learn about Hanukkah, which usually comes near Christmastime. I would consider doing so to be a means of furthering the spirit of good will, understanding and neighborly love.

I would, of course, have no quarrel with others who proceeded differently.

—:—

THIS YEAR THE celebration of Hanukkah begins at sundown this evening and lasts for eight days. While it, like Christmas, has its religious emphasis, it also has its merriment and exchange of gifts.

Hanukkah, "The Feast of Lights", in Jewish families celebrates the restoration of the freedom to worship as they please. They retell the story, older than our Christmas story, and it goes like this.

Once upon a time there was a wicked king named Antiochus in Syria. With a huge army, he took Jerusalem away from the Jews and tried to make them worship idols. He deformed their temples and killed those who tried to worship God in public.

By and by, a brave leader, Judas Maccabeus, arose, organized an army of Jews and overthrew the Syrian king and restored their temple. The happy Jews rushed back to the temple to clean it.

—:—

THEN THE PRIESTS wanted to light the perpetual light. They needed pure oil for that. All they could find was one jug of oil, enough to last for a day. But a miracle occurred. This oil lasted for eight days. So then they had time to make plenty of pure oil.

This is why the candles are lighted for eight days every Hanukkah.

No one needs to be less loyal to his own religion by learning about the religions of others and feeling kindly toward them.

Out Of The Air

By ALAN GILL

The Oldtime Analysts Return To The Air

In the Longfellow poem, the "Birds of Killingworth" finally did return to the forlorn town which had driven them away, and Killingworth was a happy place once more.

Alan Gill

I suppose New York City will be a happy place, too, when its newspapers are again unstruck. (Buck up, old town, Dick Tracy's on his way.) A few years ago—I don't know just when or just how—we drove the analysts off television, and the place has been a haunted, deserted aviary ever since.

-:-

BUT SUNDAY NIGHT, on Howard K. Smith's open house at ABC - TV, we had the analysts back and it was like old times. Birds in the trees. Newspapers on the stands. Analysts in the living room. Wonderful!

The guest elucidators were none other than H. V. Kaltenborn, who is 84 now and smarter than he was 20 years ago; Raymond Gram Swing, still dry and crisp as cornflakes in his 73rd year, and Edward R. Murrow, at 53 one of the doddering elders on the New Frontier.

What did these three kids do on the Smith show? They played games.

"Gentlemen," Smith said, "what do you consider the most important event in the course of your lifetime?"

Then: "Can you tell me," he said, "the greatest man you have met in your lifetimes?"

Finally, he asked them to enumerate the "greatest blunder or failure" and the "greatest triumph of civilization" in their years of covering the news.

-:-

WERE THE GAMES fun? They were terrific!

Kaltenborn came up with not one but two "most important events." For "personal" reasons, he cited the Spanish-American War, because "it took me out from my small Wisconsin town into the world for the first time."

But from a more global viewpoint he chose the beginning of World War I.

For Swing, it was the opening of the Atomic Era.

For Murrow: America's "abandonment of isolationism," the "complete denial of our past."

The greatest men were Ghandi (Kaltenborn); Churchill, Roosevelt and Einstein (Swing), and, because most great men "had wives who were better men than they were," Mrs. Roosevelt and Lady Churchill (Murrow).

-:-

BLUNDERS or setbacks:

The invention of the atom bomb, said old H.V.

But Swing felt it was the decision of the Allied fleet in 1915 not to go back through the Dardanelles. (We shall not go into his remarkable explanation for this selection here, except to say that it was persuasive.)

Murrow thought Molotov was responsible for the greatest gaffe of the day when, at the Paris conference on the Marshall Plan, he could have wrecked the plan but didn't.

-:-

SO IT WENT, all of us sitting around the back parlor playing "Favorites."

But there was also side discussions on Woodrow Wilson's love letters to his first wife ("the most charming in all literature"), a bit of optimism (Kaltenborn's "I look at the world, and with all its faults I see it making progress") and some pessimism.

"Every method that ever has been invented or developed for destruction has been used," Kaltenborn said gloomily. "In fact, the destructive things have been used more quickly and more easily than those that are constructive."

-:-

THEN THERE WAS a small skirmish over the greatness of FDR.

"Lack of moral character," Kaltenborn pronounced, making the R's click.

Mr. Swing thought this language a little strong and leaped to Roosevelt's defense. But, he conceded, "I thought he was devious."

"Raymond," said Kaltenborn, "I'm willing to accept devious in place of whatever term I may have used."

A viewer may not have agreed with all that was said during the short 30 minutes Howard K. Smith was alloted, but that's what analysts are for. To poke. To disturb. To stimulate. To (at times) convince.

And, with the exception of Elmer Davis, there was none better than Kaltenborn, Swing and Murrow.

As Smith said at program's end: "Gentlemen, may I only say that I think I speak for a lot of Americans when I say we have been missing you."

Mr. Shnoo's Zoo

BY LUCRECE BEALE

CHAPTER 17

Fortunately, someone had left a row boat tied up inside the zoo gates and Mr. Shnoo seated the Queen in the bow of the boat while he and Santa took the oars.

"How extraordinary!" said the Queen. "I've never inspected a zoo by boat before. I must say it is quite restful!"

Some swans paddled alongside and nodded gracefully to the Queen as if they knew she was royalty. A raft of bunny rabbits floated by followed by a crocodile who nudged the queen's boat curiously before drifting off.

"How perfectly wonderful!" exclaimed the Queen. "You do not keep the tame animals caged in. They are at home all over the zoo!"

At this moment the boat came to a sudden halt and although Santa and Mr. Shnoo rowed furiously, nothing happened.

Then the boat began to rise from the water and they saw to their horror that Molly, the hippopotamus, whom they had forgotten to return to her cage, had swum under the boat and was now trying to stand up.

For a moment the boat teetered on Molly's back before splashing down into the water, fortunately right side up. The queen was shaken but quite game and thought it all a splendid lark. She took some peanuts from her purse and threw them to Molly.

—:—

MR. SHNOO and Santa rowed on. They showed the Queen the bear with the dinosaur teeth, the

'Merry Christmas! Merry Christmas to all!'

monkeys who lived in the reindeer's antlers, and Henrietta, the skating elephant.

The tour was almost ended when a dreadful ruckus broke out in the lion house. The large cats roared and at the same time a man screamed a most awful scream.

Santa and Mr. Shnoo bent their backs to the oars and in two seconds the boat landed on the steps of the lion house. It could go no further because the water had receded from the house and the floor was dry. Mr. Shnoo and Santa and the Queen rushed into the house and there they saw a fearful sight!

Crookshank stood in the cage holding his hands before his face and screaming while the lions leaped at him. The angry lions had already ripped Crookshank's trousers and torn away his coat.

Mr. Shnoo leaped past an attendant and rushed into the cage. Crookshank screamed, "Save me! Save me!"

"Down Lucy," said Mr. Shnoo quietly. "Flossy! Cedric! Go away! Edgar, quiet"

Calmly he laid his hand on each lion's head and obediently they crept away. Mr. Shnoo picked Crookshank up in his arms and carried him out of the cage.

"It was his fault" cried the attendant. "He unfastened the cage and tried to turn the lions loose. Said he wanted them to frighten away the Queen. He stuck pins in them to make them wild!"

"Is this true?" asked the Queen sternly.

"It's my zoo," said Crookshank lamely.

—:—

THEN MR. SHNOO told the Queen how he had bought the zoo from Crookshank and fixed it up and made it what it was today but it wasn't really his until he made the final payment of 1,000 gold pieces.

The Queen said, "It's yours now for I have never seen such a wisely run zoo or a man so good with animals." She opened her purse and drew out a check for 1,000 pieces of gold and tossed it to Crookshank who took it and slunk away.

"I should like," said the Queen, "for this zoo to be known as my favorite zoo and I should like to present it with 1,000 gold pieces each Christmas as long as I reign."

Mr. Shnoo turned quite pink with happiness. "It shall be called the Queen's Zoo," he said, "and it will grow better each year."

He looked around for Santa but the fat little fellow had gone. Suddenly they heard the jingling of bells overhead. They rushed out doors and saw eight reindeer circling overhead. Santa was perched on the very last one.

"Good gracious!" cried the Queen". "I had forgotten Christmas is almost here!"

"For me," said Mr. Shnoo, "Christmas has already come!"

He waived happily to Santa and the Queen waved and Santa waved back. And they all shouted together, "Merry Christmas! Merry Christmas to all!"

Union To Map Strategy For Wage Parley

The International Brotherhood of Operative Potters said today its Sanitary Wage Policy Committee will open its annual conference Jan. 10 in Cincinnati to map strategy for later bargaining sessions with employers.

The IBOP said the meeting is scheduled "to discuss collective bargaining strategy of all unions in the Brotherhood chain whose affiliated membership is employed in the sanitary branch of the industry and to develop plans for joint union action in negotiations with management."

Representatives of local unions in the art, tile, porcelain and refractories branches of the industry will confer with the Executive Board Jan. 9, also to map plans for future collective bargaining. The locals will follow a pattern similar to that anticipated by representatives of sanitary industry workers, the IBOP said.

The opening day of the sanitary ware conference will be devoted to hearing reports from conferees on individual plants, the union said.

Prior to the sanitary locals' meeting, the IBOP Executive Board will be in session about three days for its annual mid-winter conference, the union said.

The board, comprised of the 12 international officers, will review developments in 1962 and map plans for 1963.

All the meetings will be held at the Netherlands - Hilton Hotel in Cincinnati. E. L. Wheatley, international president, will conduct the sessions.

Here's how Canada Dry Mixers multiply your drinking satisfaction

Exclusive 'special sparkle' expands flavor

No wonder Canada Dry Club Soda & Canada Dry Ginger Ale are the world's largest-selling mixers!

Your drink springs to life the instant you add Canada Dry. The flavor of your favorite spirit flows clear and pure through millions of lively bubbles . . . is expanded and released . . . reaches and satisfies every taste bud. Canada Dry multiplies your pleasure, rewards you with a finer drink.

The secret is 'special sparkle', an exclusive blend of the finest ingredients plus Canada Dry's famous pinpoint carbonation.

Ordinary brands fizz too fast, quickly go flat. But Canada Dry's pinpoint carbonation effervesces with precision timing, begins to act only as it is poured. And since no impurities are present to flatten it, your drink stays lively to the last sip.

24-hour open-bottle test shows how fresh Canada Dry Ginger Ale and Club Soda remain. Leave an open bottle of an ordinary brand and an open bottle of Canada Dry in the refrigerator for 24 hours. Then pour each one. The ordinary brand will have gone flat . . . Canada Dry will still be fresh and full of life!

For just pennies more, treat yourself and your guests to the finest! Of course, good liquor should only be mixed with the best. But even less expensive whiskey will taste better . . . taste smoother . . . with the Club Soda, or the Ginger Ale, that have the world-famous label CANADA DRY.

Remember: 4/5ths of your drink IS the mixer! For exclusive 'special sparkle' that expands flavor and multiplies your drinking satisfaction . . . mix with Canada Dry Ginger Ale and Club Soda!

Purest in the world! Finest waters are purified 5 different ways . . . then 6 natural minerals, famous pinpoint carbonation added. Stays lively to the last sip . . . expands flavor . . . multiplies your drinking satisfaction!

Tangy, imported ginger is smoothly blended with other costly ingredients. Then the finishing touch: famous pinpoint carbonation! Blends perfectly . . . smooths the taste of spirits . . . rewards you with a finer drink!

Mr. Shnoo's Zoo

BY LUCRECE BEALE

CHAPTER 17

Fortunately, someone had left a row boat tied up inside the zoo gates and Mr. Shnoo seated the Queen in the bow of the boat while he and Santa took the oars.

"How extraordinary!" said the Queen. "I've never inspected a zoo by boat before. I must say it is quite restful!"

Some swans paddled alongside and nodded gracefully to the Queen as if they knew she was royalty. A raft of bunny rabbits floated by followed by a crocodile who nudged the queen's boat curiously before drifting off.

"How perfectly wonderful!" exclaimed the Queen. "You do not keep the tame animals caged in. They are at home all over the zoo!"

At this moment the boat came to a sudden halt and although Santa and Mr. Shnoo rowed furiously, nothing happened.

Then the boat began to rise from the water and they saw to their horror that Molly, the hippopotamus, whom they had forgotten to return to her cage, had swum under the boat and was now trying to stand up.

For a moment the boat teetered on Molly's back before splashing down into the water, fortunately right side up. The queen was shaken but quite game and thought it all a splendid lark. She took some peanuts from her purse and threw them to Molly.

—:—

MR. SHNOO and Santa rowed on. They showed the Queen the bear with the dinosaur teeth, the monkeys who lived in the reindeer's antlers, and Henrietta, the skating elephant.

'Merry Christmas! Merry Christmas to all!'

The tour was almost ended when a dreadful ruckus broke out in the lion house. The large cats roared and at the same time a man screamed a most awful scream.

Santa and Mr. Shnoo bent their backs to the oars and in two seconds the boat landed on the steps of the lion house. It could go no further because the water had receded from the house and the floor was dry. Mr. Shnoo and Santa and the Queen rushed into the house and there they saw a fearful sight!

Crookshank stood in the cage holding his hands before his face and screaming while the lions leaped at him. The angry lions had already ripped Crookshank's trousers and torn away his coat.

Mr. Shnoo leaped past an attendant and rushed into the cage. Crookshank screamed, "Save me! Save me!"

"Down Lucy," said Mr. Shnoo quietly. "Flossy! Cedric! Go away! Edgar, quiet"

Calmly he laid his hand on each lion's head and obediently they crept away. Mr. Shnoo picked Crookshank up in his arms and carried him out of the cage.

"It was his fault" cried the attendant. "He unfastened the cage and tried to turn the lions loose. Said he wanted them to frighten away the Queen. He stuck pins in them to make them wild!"

"Is this true?" asked the Queen sternly.

"It's my zoo," said Crookshank lamely.

—:—

THEN MR. SHNOO told the Queen how he had bought the zoo from Crookshank and fixed it up and made it what it was today but it wasn't really his until he made the final payment of 1,000 gold pieces.

The Queen said, "It's yours now for I have never seen such a wisely run zoo or a man so good with animals." She opened her purse and drew out a check for 1,000 pieces of gold and tossed it to Crookshank who took it and slunk away.

"I should like," said the Queen, "for this zoo to be known as my favorite zoo and I should like to present it with 1,000 gold pieces each Christmas as long as I reign."

Mr. Shnoo turned quite pink with happiness. "It shall be called the Queen's Zoo," he said, "and it will grow better each year."

He looked around for Santa but the fat little fellow had gone. Suddenly they heard the jingling of bells overhead. They rushed out doors and saw eight reindeer circling overhead. Santa was perched on the very last one.

"Good gracious!" cried the Queen". "I had forgotten Christmas is almost here!"

"For me," said Mr. Shnoo, "Christmas has already come!"

He waived happily to Santa and the Queen waved and Santa waved back. And they all shouted together, "Merry Christmas! Merry Christmas to all!"

Union To Map Strategy For Wage Parley

The International Brotherhood of Operative Potters said today its Sanitary Wage Policy Committee will open its annual conference Jan. 10 in Cincinnati to map strategy for later bargaining sessions with employers.

The IBOP said the meeting is scheduled "to discuss collective bargaining strategy of all unions in the Brotherhood chain whose affiliated membership is employed in the sanitary branch of the industry and to develop plans for joint union action in negotiations with management."

Representatives of local unions in the art, tile, porcelain and refractories branches of the industry will confer with the Executive Board Jan. 9, also to map plans for future collective bargaining. The locals will follow a pattern similar to that anticipated by representatives of sanitary industry workers, the IBOP said.

The opening day of the sanitary ware conference will be devoted to hearing reports from conferees on individual plants, the union said.

Prior to the sanitary locals' meeting, the IBOP Executive Board will be in session about three days for its annual midwinter conference, the union said.

The board, comprised of the 12 international officers, will review developments in 1962 and map plans for 1963.

All the meetings will be held at the Netherlands - Hilton Hotel in Cincinnati. E. L. Wheatley, international president, will conduct the sessions.

Pitchers with the Kansas City Athletics led in wild pitches in 1962 with 63.

Owen To List Facts On Bids

Safety-Service Director Robert Owen is scheduled to present to Council at a special meeting tonight a summary of bids which he and Mayor Bert H. Goodballet received Dec. 14 on a life and hospital insurance plan for city employes.

Thirteen firms filed bids, but the field has been narrowed to nine with elimination of four that failed to comply with the city's specifications.

The mayor and the director, comprising the Board of Control, referred the questioned bids to Solicitor Joseph W. Cooper. He ruled out three for failure to submit certified checks representing 5 per cent of their bids. A fourth was disqualified because it bid on the basis of $2,000 in life insurance, rather than $1,000, as the city specified.

Ruled out for failure to enclose certified checks were: Lumbermen's Mutual Casualty Co. of Chicago, Nationwide Mutual Insurance Co. of Columbus and Metropolitan Life Insurance Co. The bid on $2,000 life insurance was filed by Federal Life & Casualty Co. of Toledo.

The certified checks are specified in all city bid-openings to guarantee the firm will enter into a contract if its offer is accepted.

Owen said he will point out to Council additional legislation will be required if Council decides to proceed with the insurance plan. The initial legislation authorized only a call for bids.

Cleveland Talks Still Deadlocked In Paper Strike

CLEVELAND (AP)—The strike against Cleveland's two daily newspapers entered its fourth week today with negotiations still deadlocked over a key union security issue.

Representatives of management and the striking Cleveland Newspaper Guild were scheduled to resume talks at 4:30 p.m.

The strike situation took a surprise turn Thursday when the Teamsters Union returned to the picket lines at the morning Plain Dealer and the afternoon Press and News.

The Teamsters ended a 10-day truce and struck again in midmorning. They started the strike Nov. 29, then returned to work Dec. 10 at the urging of a civic committee, but the Guild declined to end its strike.

Guild and management negotiators met for 45 minutes Thursday night to discuss a proposal from the publishers after meeting separately with the federal mediator.

Both sides declined comment after the session broke up. Mediator Gilbert Seldin would not indicate whether any progress had been made on the union security issue, which has been narrowed to the Press' commercial department.

KENNY MILLER
Ex-Potter On Toledo U. Starting Five

Miller Starting For Toledo . . .

Kenny Miller, another of the great guards who have performed for the East Liverpool Potters, is on the starting five at the University of Toledo.

According to Max Gerber, sports information director at Toledo, Miller started the first four games and is likely to continue doing so.

"He has a golden opportunity for an untested sophomore. He likely would not have seen so much action this season had not all-American candidate Larry Jones broken a wrist the very first game," Gerber said.

"Now much of the season must depend upon Miller and another sophomore, Bill Drenser of Cleveland, to come through in the backcourt."

"Miller has established himself as a favorite with the fans because of his aggressiveness, particularly on defense where he harasses opposing ball handlers. He has the best speed of anyone on the varsity, one reason why Coach Eddie Melvin turned to Miller in Jones' absence."

Gerber pointed out that Miller tends to be a little erratic yet on offense, "but that should be corrected with experience."

Miller teamed up with Kenny Cunningham, now a member of the top-ranked Cincinnati U. squad, for two seasons, giving the Potters probably the best backcourt duo in the state.

Kenny is a brother of Dencil Miller, another former Potter standout, now coaching at Pettisville, which is close to Toledo.

New Scoreboards Arrive . . .

ATTENTION Potter fans. You can sit back and relax. The new scoreboards have been installed at Memorial Auditorium and if all goes right will be in working order for tonight's game with Wheeling Linsly.

The scoreboards will replace the old set which were installed when the MA was first opened some 17 years ago. In the last few years mechanical difficulties were experienced with the old boards.

The new boards will be located at the North and South end of the floor. Principal George Hargraves said electricians worked all day Thursday so they would be ready for tonight's game.

Sectional At Toronto . . .

THE SECTIONAL backetball tournament this year will be staged at Toronto, with seven teams competing, the Eastern District Board has announced.

The teams are Jefferson Union, Wellsville, Steubenville Big Red, Steubenville Central, Wintersville, Toronto and East Liverpool.

One team will advance from the Sectional to the District AA meet at New Concord. The finalist at Toronto will meet survivors from New Philadelphia, New Concord and Martins Ferry.

This 'N That In Sports . . .

—:—

BERNIE ALLEN is home on leave from Ft. Knox, Ky., where he is doing a six-month hitch in the Army Reserves. He hasn't signed his contract for next season, but may ask for between $10,000 and $12,500.

Allen was part of a double play combination that led the American League in that department.

—:—

LISBON'S Larry McPherson, who coach Bud Bucher rates as one of the finest high school passers in the state, may be heading for the Naval Academy. The Lisbon quarterback has been receiving a host of offers.

—:—

JIM OWEN, who resides in Midland during the off season, is very pleased over the Philadelphia Phillies trading him to Cincinnati, a first-division club.

While taking it easy in the off season, Jim works out at the East Liverpool Y.M.C.A. to get his baseball muscles in shape.

Reds Sign Manager Of Rocky Mount Club

CINCINNATI (AP)—The Cincinnati Reds today reported signing John Davis to manage their Rocky Mount, N.C., farm club in the Carolina League next season.

Davis, onetime shortstop with the old New York Giants, has been managing in the minors 14 years. He piloted Tacoma of the Pacific Coast League for the last four years.

Along with the Booth award will be five other individual trophies. They will go to the best offensive back, best offensive lineman, best defensive back and best defensive lineman. One other, a new award this year, the "coaches merit award", will be donated by the East Liverpool Review.

—:—

NO SPEAKER is listed on the program, but each former Bill Booth winner will speak for a few minutes. Jimmy Lowery of Syracuse, N. Y., who was news and sports director at WOHI for eight years, will be toastmaster.

Lowery is now vice president of Radio Station WSEN in Syracuse, and followed Potter sports through some of their greatest seasons, including the 1955 and 1952 undefeated football campaigns.

Another guest, who will appear at the banquet, will be Leland Schackern, Bill Booth's coach at ELHS. Schackern coached here from 1930-1934.

—:—

SIX MEN have been named to a Bill Booth reception committee to greet the former winners as they arrive. They are Tom Dixon, Clarence (Bud) Means, Carl Pelini, Harry McConville, Dick Emmerling and Bob Brooks.

The banquet is open to the public. Tickets at $3 are on sale at Burbick's Hardware and the Travelers Hotel or by any member of the Nonpareil Club.

'Fouls Up' Early Foes; 6-2 Senior Uncanny On Charity Line

A new star is appearing on the Potter horizon in the person of Dean Cline, who has done about everything a player can do in the last three ELHS games.

Cline, a 6-foot-2 senior who sometimes seems much bigger to his opponents, is the Potters chief threat these days. He got off to a very bad start in the opener at Midland, with nothing going right.

—:—

HIS FINAL total at Midland was nine points. A week later, East Liverpool traveled to Alliance and Cline began looking like the player that his coach Jim Harris had built him up to be.

Cline scored 19 points and grabbed his share of rebounds, but it wasn't enough as the Potters lost by one point, 40-39.

The past two games proved one of the best weekend stands put on by a Potter player since Kenny Cunningham was breaking records here.

—:—

IN TWO nights Cline poured in 58 points, 29 in each game against Warren and Wellsville. The amazing thing was his foul shooting and unorthodox stance. Cline faces the basket from the foul line standing sideways.

Up until the second quarter of the Wellsville game last Saturday, Cline had made 19 straight fouls, which could be a school record.

—:—

HE HAD made his last seven fouls in the Alliance game, batted seven for seven against Warren and made his first five charity tosses at Wellsville to run up the total.

Thirty-eight points out of his total of 86 have come from the foul line, where he has had 48 attempts for a very remarkable .791 foul shooting percentage. He is averaging 21.5 per game.

Cline will be in the lineup tonight and Saturday as the Potters attempt to present Harris with a Christmas present. They have not been able to grab a victory in four starts.

—:—

HARRIS said the lineup will remain the same, with Roger Linville, Ed Prentice, Dave Bowersock and Frank McComas along with Cline. "I feel we have the best starting five out there and don't see any reason to change now," he added.

Wheeling Linsly brings a 2-2 mark to the MA tonight, while Massillon, a Big 8 opponent, invades Saturday winless in two outings. The Tigers lost to Canton Lincoln and Warren.

After Saturday, the Potters won't return to action until Jan. 5 when Youngstown South visits here.

Steers Gain 8th Straight

The scorching Kansas City Steers will be aiming for their fourth victory in as many nights over Philadelphia when they meet the Tapers in St. Louis tonight.

The Steers whipped Philadelphia 99-88 Thursday for the third night in a row in Kansas City and stretched their American Basketball League winning streak to eight.

The teams have an off-night Saturday and then wind up the five-game series in Kansas City Sunday night.

In the only other game scheduled Thursday, the Oakland Oaks turned back the Chicago Majors 96-92 in Hayward, Calif. The victory enabled the Oaks to move into fourth place as the Tapers dropped to fifth.

West Beaver Edged, 56-54, In 6th Loss

Western Beaver came close but dropped its sixth straight contest to Mars, 56-54, Thursday night.

The Beavers led almost all the way before losing it in the final minutes as Mars raced from behind. Western Beaver led at halftime 20-15 and took a 35-32 lead into the fourth period.

Darv Barton tallied 18 points and Tom Purvis 14 to spark the winners. Pat Marron's 17 points and a 12-point performance by Larry Robinson provided most of the scoring for Western Beaver.

The Beaver reserves won 55-32.

Miami's Upset Of Purdue Named Biggest Of 1962

NEW YORK (AP)—When Miami of Ohio knocked off Purdue of the powerful Big Ten Conference 10-7 before 49,496 stunned fans in Ross Ade Stadium at Lafayette, Ind., Oct. 13, the Redskins had accomplished the most spectacular upset of the 1962 college football season.

There were other upsets of major proportions, but the nation's sports writers and broadcasters selected this game as the No. 1 stunner in the annual year-end Associated Press poll by a wide majority.

It took precedence over UCLA's 9-7 victory over Ohio State Oct. 6, Wisconsin's 37-6 shellacking of Northwestern Nov. 10, and the 14-14 tie between Texas and underrated Rice Oct. 27. These were big ones, too, for in each case Ohio State, Northwestern and Texas was rated No. 1 in the nation.

But Miami of the Mid-American Conference, enrollment 7,000 with about 4,000 male students, beat ninth-rated Purdue, enrollment over 16,000, and about 13,000 men students. And one Miami student—Bob Jencks, scored all of his team's points.

KENNY MILLER
Ex-Potter On Toledo U. Starting Five

Miller Starting For Toledo . . .

Kenny Miller, another of the great guards who have performed for the East Liverpool Potters, is on the starting five at the University of Toledo.

According to Max Gerber, sports information director at Toledo, Miller started the first four games and is likely to continue doing so.

"He has a golden opportunity for an untested sophomore. He likely would not have seen so much action this season had not all-American candidate Larry Jones broken a wrist the very first game," Gerber said.

"Now much of the season must depend upon Miller and another sophomore, Bill Drenser of Cleveland, to come through in the backcourt."

"Miller has established himself as a favorite with the fans because of his aggressiveness, particularly on defense where he harasses opposing ball handlers. He has the best speed of anyone on the varsity, one reason why Coach Eddie Melvin turned to Miller in Jones' absence."

Gerber pointed out that Miller tends to be a little erratic yet on offense, "but that should be corrected with experience."

Miller teamed up with Kenny Cunningham, now a member of the top-ranked Cincinnati U. squad, for two seasons, giving the Potters probably the best backcourt duo in the state.

Kenny is a brother of Dencil Miller, another former Potter standout, now coaching at Pettisville, which is close to Toledo.

New Scoreboards Arrive . . .

ATTENTION Potter fans. You can sit back and relax. The new scoreboards have been installed at Memorial Auditorium and if all goes right will be in working order for tonight's game with Wheeling Linsly.

The scoreboards will replace the old set which were installed when the MA was first opened some 17 years ago. In the last few years mechanical difficulties were experienced with the old boards.

The new boards will be located at the North and South end of the floor. Principal George Hargraves said electricians worked all day Thursday so they would be ready for tonight's game.

Sectional At Toronto . . .

THE SECTIONAL basketball tournament this year will be staged at Toronto, with seven teams competing, the Eastern District Board has announced.

The teams are Jefferson Union, Wellsville, Steubenville Big Red, Steubenville Central, Wintersville, Toronto and East Liverpool.

One team will advance from the Sectional to the District AA meet at New Concord. The finalist at Toronto will meet survivors from New Philadelphia, New Concord and Martins Ferry.

Szatkowski Tallies 22 To Pace Win

Badly outrebounded, Chester High fell upset victim to an aggressive South Side five, 54 - 37, Thursday night at Hookstown.

The victory marked the first for Coach Dave Nichol's Rams while Chester under the direction of Dom Amedeo dropped its second in three starts.

Last night's victory also marked the first time in the six-year history of South Side High School that the Rams had defeated Chester in basketball.

South Side took a 13-11 lead at the end of the first quarter and that was the last time Chester was in the game. The Rams spurted to a 30-19 halftime lead then wound up with a 42-30 advantage after three periods.

Senior Jerome Szatkowski gave an all out performance around the boards and wound up with a brilliant 22 point effort to spark the South Siders. Jim Todd added 10 to the attack.

Jim Tridico was high for the Panthers by collecting 13 points.

The Chester reserves picked up a 44-32 victory in the preliminary contest.

North-South, Tangerine Set On Saturday

By JIM BECKER
Associated Press Sports Writer

Missouri today had a decision over Georgia Tech, its Bluebonnet Bowl opponent, by the narrow margin that is expected to separate the two defensive-minded teams after their football game Saturday at Rice Stadium in Houston.

The Tigers of the Big Eight Conference beat the Rambling Wrecks of the Southeastern Conference to Houston by 20 minutes Thursday as their chartered planes converged on the game site.

They aren't expected to be that far apart Saturday. Missouri, with a 7-1-2 season, gave up an average of only 5.2 points per game. Tech (7-2-1) was almost as stingy.

The Bluebonnet is the first of the big crowd team games on the post season slate. Two other bowl games are on the Saturday card, the Tangerine Bowl (Miami of Ohio vs. Houston) at Jacksonville, Fla., and the North-South game at Miami.

Some 60,000 are expected at Houston, 50,000 at Miami and 15,000 at Jacksonville. The Bluebonnet will be televised by CBS starting at 3 p.m., EST, and the North-South at 3:30 p.m. by ABC.

The weekend is a warmup for the packed yearend schedule ahead that includes:

Dec. 29: Gator Bowl (Penn State vs. Florida) at Jacksonville, Fla.; East-WestShrine Game at San Francisco; Blue-Gray at Montgomery, Ala.; All-American Bowl (Major college stars vs. Small college stars) at Tuscon, Ariz.

Dec. 30: National Football League championship game between Green Bay Packers and New York Giants at New York.

Dec. 31: Sun Bowl (West Texas State vs. Ohio U.) at El Paso, Tex.

Jan. 1: Rose Bowl (Southern California vs. Wisconsin) at Pasadena; Sugar Bowl (Arkansas vs. Mississippi) at New Orleans; Cotton Bowl (Texas vs. Louisiana State) at Dallas, and Orange Bowl (Oklahoma vs. Alabama) at Miami.

National television will carry the Gator Bowl, East-West, Blue-Gray, NFL playoff and the four big New Year's Day games.

Both Georgia Tech coach Bobby Dodd and Missouri coach Dan Devine said they expected a defensive battle in the fourth Bluebonnet battle.

The story probably will be different in the North-South game, in the Orange Bowl.

The South is crippled by injuries to top running backs Nick Ryder of Miami and Bobby Paremore of Florida A&M, a 9.3 seconds man in the 100.

The North has a bigger team, directed by Jerry Gross of Detroit and Pat McCarthy of Holy Cross at quarterback, with Bobby Bell of Minnesota and Dave Behrman of Michigan State in the line.

The Tangerine Bowl has gof Michigan State in the line.

Toss-Up Seen At Tangerine

ORLANDO, Fla. (AP) — As Houston and Miami of Ohio put finishing touches on their Tangerine Bowl preparation, coaches expressed both optimism and pessimism in regard to Saturday's gridiron display in Orlando.

Coach John Pont of Miami was worried about his team. "It's been four weeks since we've played a game," he said. "Houston closed its season two weeks ago." The Miami squad arrived from bitterly cold Ohio the first of the week.

But Houston mentor Bill Yeoman left no doubt about his Cougars' preparation. "The boys are in good condition and I'm sure they'll give us a good performance." Houston carries a 6-4 record into the contest.

Both coaches agreed the winner of the 17th annual Tangerine Trophy was a toss-up.

"It should be very close," Yeoman said. "We have a lot of respect for their personnel and they're the biggest team we've played this year." The Miami line averages 226 pounds and had an 8-1-1 season mark.

Pont admitted "we have an explosive ball club," but added, "Houston is very sound defensively."

Cincy Downs Slow-Moving Dayton, 44-37, For 25th

By BOB GREEN
Associated Press Sports Writer

Almost everyone agrees that Cincinnati's basketball winning string now at 25 games, eventually must end.

The question remains: Who's to do it?

Dayton made a valiant effort Thursday night, playing a slow, deliberate game in an effort to control the Bearcat scoring punch. When it was over, the Flyers had been shot down 44-37.

It was the seventh notch of the season for Coach Ed Jucker's team, ranked first in the nation and shooting for a third straight NCAA title. Their scoring output, however, was the lowest for the Bearcats since a 57-40 loss to St. Louis two seasons ago.

In some of the other major action on a relatively light schedule, Bradley won its sixth of the season 76-65 over South Carolina, UCLA beat Northwestern 70-63, Missouri came from behind and clipped Tennessee 54-47, Southern Methodist whipped Minnesota 100-80 and St. Mary's of California scored a 94-71 rout over Creighton.

Dayton clamped a lid on Ron Bonham, Cincinnati's top scorer, and trailed the sluggish Bearcats by a single point, 18-17, at the half.

Cincinnati didn't take a solid lead until late in the game when George Wilson blocked a Dayton field goal try and then scored two quick baskets.

Bonham was held to eight points, but Tom Thacker broke through for 21, leading both teams. He got all but seven of Cincinnati's first half points as the Bearcats had to struggle to stay even.

Missouri, trailing by as many as 12 points in the second half, came from behind in the closing minutes and stalled out the victory over Tennessee. Don Early hit six points in the last 90 seconds.

In some of the other major results, New Mexico topped Colorado State 54-46, Detroit edged touring San Jose State 82-76 in overtime, Alabama romped over Richmond 72-56, Utah State beat Iowa State 87-52, Syracuse nipped Rochester 60-58, Santa Clara downed Loyola of New Orleans 74-53, Idaho spilled Washington State 94-57, and Washington defeated Montana 59-50.

Oddsmakers Hold Oilers Favorites

HOUSTON (AP) — The oddsmakers say the Houston Oilers are a touchdown favorite for Sunday's American Football League championship game but statistics on the two regular season games with the Dallas Texans indicate the game should be a toss-up.

The Oilers and Texans split the games of Oct. 28 and Nov. 4 with Dallas holding only a 27-yard edge on rushing and Houston leading in passes by only 11 yards.

The biggest difference in the statistics for the two games finds Dallas with seven pass interceptions. Houston had three. Six of the Dallas interceptions came on Oct. 28 when the Texans ran over the Oilers, 31-7.

Six of the Dallas thefts also came off George Blanda, who had 42 of his passes intercepted this year compared to only 22 last season when he was the league's Player of the Year.

The interceptions may have erased part of the glamor but Pop Ivy, the Oiler coach, is among those saying Blanda is the man who makes the Oilers click.

Blanda has ignored his interceptions and pulled the Oilers from behind six times this season.

Blanda's record in the two regular season games with the Texans was surpassed by Len Dawson, Dallas' league-leading passer.

Dawson completed 31 of 47 passes for 385 yards and three touchdowns. Blanda completed 21 of 37 for 298 yards and two touchdowns. Blanda sat on the bench part of the Oct. 28 game.

Charlie Tolar, the first Oiler runner to gain more than 1,000 yards, had a good day with 104 yards in Dallas Nov. 4 when Houston won, 14-6, but was limited to 43 yards in the Oct. 28 game.

Curtis McClinton, the Dallas halfback who was named AFL's Rookie of the Year, led the ground gainers in the game at Houston with 68 yards but was held to 31 in Dallas.

Robinson Top Slugger In National Loop

CINCINNATI (AP)—Frank Robinson, Cincinnati's hard-hitting outfielder, edged Hank Aaron of Miwaukee and Willie Mays of San Francisco to win the National League slugging championship in 1962 for the third consecutive season.

The official averages released today showed that Robinson piled up 380 total bases in 609 times at bat for a .624 average. Aaron had 366 total bases in 592 at bats for a .618 mark while Mays had the most total bases in the circuit, 382, in 621 at bats for .615.

Robinson had 51 doubles, 2 tripples and 39 homers among his 208 hits. He won the slugging title in 1961 with .611 and 1960 with .595.

Robinson also was hit most often by pitched balls, 11, and tied with Pittsburgh's Bill Mazeroski for the most intentional bases on balls, 16.

Eddie Mathews, of Milwaukee led in receiving bases on balls with 101 while rookie Ken Hubbs of Chicago struck out the most times, 129 and grounded into the most double plays, 20.

Among players with a minimum of 502 plate appearances, Filipe Alou, San Francisco, and Don Blasingame, Cincinnati, grounded into the fewest doubles plays, 4.

San Francisco compiled the highest team slugging average, .441 followed by Cincinnati .417, Milwaukee .403, Los Angeles .400 and Pittsburgh and St. Louis at .394 each.

Banks Gets Approval To Run For Alderman

CHICAGO (AP) — Cub owner Phil Wrigley has given first baseman Ernie Banks the green light to run for the post of Chicago alderman.

Banks reportedly was approached by a prominent Republican and asked to run in his South Side ward against incumbent Democrat James Condon. Banks said he will make the race.

Chicago candidates for alderman run on a non-partisan ballot in the Feb. 26 primary.

Wrigley said Thursday he consented to Banks making the race, but commented, "I'm counting on this activity not interfering with basbeall playing. I don't want a part-time baseball player."

In his 15 seasons as Manhattan (New York) College basketball coach, Ken Norton's teams have won 243 games and lost 140.

22-Year-Old Soars To New Indoor Pole Vault Record

By ROBERT GOLDENSTEIN

CHICAGO (AP) — Don Meyers, a shy young man who aspired merely to become a better known athlete, hit a jackpot far beyond his wildest dreams Thursday night by soaring 16 feet, 1¼ inch to a world's indoor pole vault record.

Meyers, a post graduate student in physical education at the University of Colorado, made a 1,000-mile overnight train trip sitting up in a coach to compete in the University of Chicago Track Club's 10th Holiday meet.

"I wanted to make a good mark this year in a meet like this so I could get invited to other meets," he said.

The Chicago meet had added luster this year because it was the first test of President Kennedy's call for a truce in the 2½-year feud between the Amateur Athletic Union and the NCAA-backed U.S. Track Federation.

The meet was the first jointly sanctioned by both groups.

Meyers, 22, a fair, slim, 6-footer weighing 165 pounds, hit 13-feet-8 on his first try, using a fiber glass pole he brought along with him.

On his second vault, he cleared 14-6, and on his third, 15-5.

The cross bar at the University of Chicago Fieldhouse then was raised to 16-1¼, one half inch above the world indoor record.

Meyers cleared the cross bar without brushing it amid an excited roar from the spectators. The approved record is 16-¾ set by John Uelses of the Marines in Boston last Feb. 3.

Meyers' best showing in competition had been 15-3 last year in tying for the national collegiate title.

The world outdoor mark is 16-2½ by Finland's Pentti Nikula at Kauhava, Finland, last June 22. The top American outdoor vault is 16-2 by Dave Tork of the Marines at Walnut, Calif., last April 28. Each used the controversial fiber glass pole.

Bruins Down Wing Icers

The Boston Bruins are working their way slowly up the National Hockey League standings in the search for victims.

The Bruins finally won a game from the second place Detroit Red Wings Thursday night, to run their victory total to a paltry four for the year. They now have one victory, but only one, over all the other teams in the league except the first place Chicago Black Hawks.

Jerry Toppazzini's goal at 14:38 of the third period put Boston ahead and the Bruins went on to a 5-3 victory on Detroit ice. In the other NHL game on the schedule, Montreal gained a 4-4 tie with the Toronto Maple Leafs.

The tie left the Leafs in third place, two points ahead of the Canadiens.

The Leafs also moved to within one point of the Wings, who are two points back of Chicago.

Hornung Seen Okay For NFL Playoff Game

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP) — The true condition of Paul Hornung, the "Golden Boy" of Green Bay, is one of the most puzzling factors involved in weighing the chances of the Packers and the New York Giants in their National Football League Dec. 30 title game at Yankee Stadium.

Hornung, a part - time worker since his right knee was twisted in the first period of an Oct. 14 game with the Minnesota Vikings, insists he is all right. So does coach Vince Lombardi. Since he was injured, Hornung's extra point and field goal kicking duties have been taken over by Jerry Kramer.

The word from Green Bay is that all the Packers, including Hornung and Dan Currie, will be in good physical condition for the big game. Currie, veteran left linebacker, also has an injured knee.

Coach Allie Sherman and his Giants are taking nothing for granted. They are getting ready for Hornung and also Tom Moore, his capable replacement, at left halfback. Many regarded Moore about on a par with Hornung as a runner but not as adept at throwing the running pass on the option, although he has passed for two touchdowns.

Hornung ruined the Giants last year in the playoff game, scoring 19 points for a record in the 37-0 rout of New York at Green Bay. He made 89 yards in 20 carries and scored a touchdown, kicked three field goals from the 17, 22 and 19 and added four extra points. A few days before the game he had been named the NFL's Player-of-the-Year, an honor accorded to teammate Jim Taylor this season.

Fog Delaying Arrivals Of East-West Players

SAN FRANCISCO (AP) — The East football team and the West, too, fog willing, were to open practice today for their Dec. 29 Shrine game.

Fog already interfered with one aspect of the game—Thursday's visit by players to the Shriners Hospital for crippled children, for whose benefit the game is played.

Fourteen members of the 24-man West squad were unable to arrive.

"I expect to have them all on hand by the first workout," assistant coach Jim Sutherland of Washington State told Shriners at a Thursday luncheon program. But the weatherman promised more fog that made arrivals by today difficult.

Players who were on hand Thursday spent their morning with 60 youngsters whose big smiles and "H-E-L-L-O" yells nearly concealed their array of casts, crutches, braces and straps.

COLUMBUS, Ohio (AP) — Ohio had six aircraft accidents during the last month, but only one involving injury to the pilot or major damage to the plane, the State Highway Patrol reports.

The patrol said a student pilot suffered minor injuries when the plane's elevator controls jammed and he crashed while attempting to land.

South Side Upsets Chester For First Victory, 54-37

Szatkowski Tallies 22 To Pace Win

Badly outrebounded, Chester High fell upset victim to an aggressive South Side five, 54 - 37, Thursday night at Hookstown.

The victory marked the first for Coach Dave Nichol's Rams while Chester under the direction of Dom Amedeo dropped its second in three starts.

Last night's victory also marked the first time in the six-year history of South Side High School that the Rams had defeated Chester in basketball.

South Side took a 13-11 lead at the end of the first quarter and that was the last time Chester was in the game. The Rams spurted to a 30-19 halftime lead then wound up with a 42-30 advantage after three periods.

Senior Jerome Szatkowski gave an all out performance around the boards and wound up with a brilliant 22 point effort to spark the South Siders. Jim Todd added 10 to the attack.

Jim Tridico was high for the Panthers by collecting 13 points.

The Chester reserves picked up a 44-32 victory in the preliminary contest.

Missouri, Tech Meet In Bluebonnet

North-South, Tangerine Set On Saturday

By JIM BECKER
Associated Press Sports Writer

Missouri today had a decision over Georgia Tech, its Bluebonnet Bowl opponent, by the narrow margin that is expected to separate the two defensive-minded teams after their football game Saturday at Rice Stadium in Houston.

The Tigers of the Big Eight Conference beat the Rambling Wrecks of the Southeastern Conference to Houston by 20 minutes Thursday as their chartered planes converged on the game site.

They aren't expected to be that far apart Saturday. Missouri, with a 7-1-2 season, gave up an average of only 5.2 points per game. Tech (7-2-1) was almost as stingy.

The Bluebonnet is the first of the big crowd team games on the post season slate. Two other bowl games are on the Saturday card, the Tangerine Bowl (Miami of Ohio vs. Houston) at Jacksonville, Fla., and the North-South game at Miami.

Some 60,000 are expected at Houston, 50,000 at Miami and 15,000 at Jacksonville. The Bluebonnet will be televised by CBS starting at 3 p.m., EST, and the North-South at 3:30 p.m. by ABC.

The weekend is a warmup for the packed yearend schedule ahead that includes:

Dec. 29: Gator Bowl (Penn State vs. Florida) at Jacksonville, Fla.; East-WestShrine Game at San Francisco; Blue-Gray at Montgomery, Ala.; All-American Bowl (Major college stars vs. Small college stars) at Tuscon, Ariz.

Dec. 30: National Football League championship game between Green Bay Packers and New York Giants at New York.

Dec. 31: Sun Bowl (West Texas State vs. Ohio U.) at El Paso, Tex.

Jan. 1: Rose Bowl (Southern California vs. Wisconsin) at Pasadena; Sugar Bowl (Arkansas vs. Mississippi) at New Orleans; Cotton Bowl (Texas vs. Louisiana State) at Dallas, and Orange Bowl (Oklahoma vs. Alabama) at Miami.

National television will carry the Gator Bowl, East-West, Blue-Gray, NFL playoff and the four big New Year's Day games.

Both Georgia Tech coach Bobby Dodd and Missouri coach Dan Devine said they expected a defensive battle in the fourth Bluebonnet battle.

The story probably will be different in the North-South game, in the Orange Bowl.

The South is crippled by injuries to top running backs Nick Ryder of Miami and Bobby Paremore of Florida A&M, a 9.3 seconds man in the 100.

The North has a bigger team, directed by Jerry Gross of Detroit and Pat McCarthy of Holy Cross at quarterback, with Bobby Bell of Minnesota and Dave Behrman of Michigan State in the line.

The Tangerine Bowl has gof Michigan State in the line.

Toss-Up Seen At Tangerine

ORLANDO, Fla. (AP) — As Houston and Miami of Ohio put finishing touches on their Tangerine Bowl preparation, coaches expressed both optimism and pessimism in regard to Saturday's gridiron display in Orlando.

Coach John Pont of Miami was worried about his team. "It's been four weeks since we've played a game," he said. "Houston closed its season two weeks ago." The Miami squad arrived from bitterly cold Ohio the first of the week.

But Houston mentor Bill Yeoman left no doubt about his Cougars' preparation. "The boys are in good condition and I'm sure they'll give us a good performance." Houston carries a 6-4 record into the contest.

Both coaches agreed the winner of the 17th annual Tangerine Trophy was a toss-up.

"It should be very close," Yeoman said. "We have a lot of respect for their personnel and they're the biggest team we've played this year." The Miami line averages 226 pounds and had an 8-1-1 season mark.

Pont admitted "we have an explosive ball club," but added, "Houston is very sound defensively."

22-Year-Old Soars To New Indoor Pole Vault Record

By ROBERT GOLDENSTEIN

CHICAGO (AP) — Don Meyers, a shy young man who aspired merely to become a better known athlete, hit a jackpot far beyond his wildest dreams Thursday night by soaring 16 feet, 1¼ inch to a world's indoor pole vault record.

Meyers, a post graduate student in physical education at the University of Colorado, made a 1,000-mile overnight train trip sitting up in a coach to compete in the University of Chicago Track Club's 10th Holiday meet.

"I wanted to make a good mark this year in a meet like this so I could get invited to other meets," he said.

The Chicago meet had added luster this year because it was the first test of President Kennedy's call for a truce in the 2½-year feud between the Amateur Athletic Union and the NCAA-backed U.S. Track Federation.

The meet was the first jointly sanctioned by both groups.

Meyers, 22, a fair, slim, 6-footer weighing 165 pounds, hit 13-feet-8 on his first try, using a fiber glass pole he brought along with him.

On his second vault, he cleared 14-6, and on his third, 15-5.

The cross bar at the University of Chicago Fieldhouse then was raised to 16-1¼, one half inch above the world indoor record.

Meyers cleared the cross bar without brushing it amid an excited roar from the spectators. The approved record is 16-¾ set by John Uelses of the Marines in Boston last Feb. 3.

Meyers' best showing in competition had been 15-3 last year in tying for the national collegiate title.

The world outdoor mark is 16-2½ by Finland's Pentti Nikula at Kauhava, Finland, last June 22. The top American outdoor vault is 16-2 by Dave Tork of the Marines at Walnut, Calif., last April 28. Each used the controversial fiber glass pole.

Bruins Down Wing Icers

The Boston Bruins are working their way slowly up the National Hockey League standings in the search for victims.

The Bruins finally won a game from the second place Detroit Red Wings Thursday night, to run their victory total to a paltry four for the year. They now have one victory, but only one, over all the other teams in the league except the first place Chicago Black Hawks.

Jerry Toppazzini's goal at 14:38 of the third period put Boston ahead and the Bruins went on to a 5-3 victory on Detroit ice. In the other NHL game on the schedule, Montreal gained a 4-4 tie with the Toronto Maple Leafs.

The tie left the Leafs in third place, two points ahead of the Canadiens.

The Leafs also moved to within one point of the Wings, who are two points back of Chicago.

Hornung Seen Okay For NFL Playoff Game

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP) — The true condition of Paul Hornung, the "Golden Boy" of Green Bay, is one of the most puzzling factors involved in weighing the chances of the Packers and the New York Giants in their National Football League Dec. 30 title game at Yankee Stadium.

Hornung, a part - time worker since his right knee was twisted in the first period of an Oct. 14 game with the Minnesota Vikings, insists he is all right. So does coach Vince Lombardi. Since he was injured, Hornung's extra point and field goal kicking duties have been taken over by Jerry Kramer.

The word from Green Bay is that all the Packers, including Hornung and Dan Currie, will be in good physical condition for the big game. Currie, veteran left linebacker, also has an injured knee.

Coach Allie Sherman and his Giants are taking nothing for granted. They are getting ready for Hornung and also Tom Moore, his capable replacement, at left halfback. Many regarded Moore about on a par with Hornung as a runner but not as adept at throwing the running pass on the option, although he has passed for two touchdowns.

Hornung ruined the Giants last year in the playoff game, scoring 19 points for a record in the 37-0 rout of New York at Green Bay. He made 89 yards in 20 carries and scored a touchdown, kicked three field goals from the 17, 22 and 19 and added four extra points. A few days before the game he had been named the NFL's Player-of-the-Year, an honor accorded to teammate Jim Taylor this season.

Fog Delaying Arrivals Of East-West Players

SAN FRANCISCO (AP) — The East football team and the West, too, fog willing, were to open practice today for their Dec. 29 Shrine game.

Fog already interfered with one aspect of the game—Thursday's visit by players to the Shriners Hospital for crippled children, for whose benefit the game is played.

Fourteen members of the 24-man West squad were unable to arrive.

"I expect to have them all on hand by the first workout," assistant coach Jim Sutherland of Washington State told Shriners at a Thursday luncheon program. But the weatherman promised more fog that made arrivals by today difficult.

Players who were on hand Thursday spent their morning with 60 youngsters whose big smiles and "H-E-L-L-O" yells nearly concealed their array of casts, crutches, braces and straps.

Ohio Reports 6 Air Mishaps In November

COLUMBUS, Ohio (AP) — Ohio had six aircraft accidents during the last month, but only one involving injury to the pilot or major damage to the plane, the State Highway Patrol reports.

The patrol said a student pilot suffered minor injuries when the plane's elevator controls jammed and he crashed while attempting to land.

Cincy Downs Slow-Moving Dayton, 44-37, For 25th

By BOB GREEN
Associated Press Sports Writer

Almost everyone agrees that Cincinnati's basketball winning string now at 25 games, eventually must end.

The question remains: Who's to do it?

Dayton made a valiant effort Thursday night, playing a slow, deliberate game in an effort to control the Bearcat scoring punch. When it was over, the Flyers had been shot down 44-37.

It was the seventh notch of the season for Coach Ed Jucker's team, ranked first in the nation and shooting for a third straight NCAA title. Their scoring output, however, was the lowest for the Bearcats since a 57-40 loss to St. Louis two seasons ago.

In some of the other major action on a relatively light schedule, Bradley won its sixth of the season 76-65 over South Carolina, UCLA beat Northwestern 70-63, Missouri came from behind and clipped Tennessee 54-47, Southern Methodist whipped Minnesota 100-80 and St. Mary's of California scored a 94-71 rout over Creighton.

Dayton clamped a lid on Ron Bonham, Cincinnati's top scorer, and trailed the sluggish Bearcats by a single point, 18-17, at the half.

Cincinnati didn't take a solid lead until late in the game when George Wilson blocked a Dayton field goal try and then scored two quick baskets.

Bonham was held to eight points, but Tom Thacker broke through for 21, leading both teams. He got all but seven of Cincinnati's first half points as the Bearcats had to struggle to stay even.

Missouri, trailing by as many as 12 points in the second half, came from behind in the closing minutes and stalled out the victory over Tennessee. Don Early hit six points in the last 90 seconds.

In some of the other major results, New Mexico topped Colorado State 54-46, Detroit edged touring San Jose State 82-76 in overtime, Alabama romped over Richmond 72-56, Utah State beat Iowa State 87-52, Syracuse nipped Rochester 60-58, Santa Clara downed Loyola of New Orleans 74-53, Idaho spilled Washington State 94-57, and Washington defeated Montana 59-50.

Oddsmakers Hold Oilers Favorites

HOUSTON (AP) — The oddsmakers say the Houston Oilers are a touchdown favorite for Sunday's American Football League championship game but statistics on the two regular season games with the Dallas Texans indicate the game should be a toss-up.

The Oilers and Texans split the games of Oct. 28 and Nov. 4 with Dallas holding only a 27-yard edge on rushing and Houston leading in passes by only 11 yards.

The biggest difference in the statistics for the two games finds Dallas with seven pass interceptions. Houston had three. Six of the Dallas interceptions came on Oct. 28 when the Texans ran over the Oilers, 31-7.

Six of the Dallas thefts also came off George Blanda, who had 42 of his passes intercepted this year compared to only 22 last season when he was the league's Player of the Year.

The interceptions may have erased part of the glamor but Pop Ivy, the Oiler coach, is among those saying Blanda is the man who makes the Oilers click.

Blanda has ignored his interceptions and pulled the Oilers from behind six times this season.

Blanda's record in the two regular season games with the Texans was surpassed by Len Dawson, Dallas' league-leading passer.

Dawson completed 31 of 47 passes for 385 yards and three touchdowns. Blanda completed 21 of 37 for 298 yards and two touchdowns. Blanda sat on the bench part of the Oct. 28 game.

Charlie Tolar, the first Oiler runner to gain more than 1,000 yards, had a good day with 104 yards in Dallas Nov. 4 when Houston won, 14-6, but was limited to 43 yards in the Oct. 28 game.

Curtis McClinton, the Dallas halfback who was named AFL's Rookie of the Year, led the ground gainers in the game at Houston with 68 yards but was held to 31 in Dallas.

Beaver Local Matmen Trip Bridgeport, 37-6

Two quick pins marked the fourth straight wrestling victory for Beaver Local which easily knocked off Bridgeport, 37-6, Thursday night at Beaver Local.

Shril Grimm, a 154 - pound junior, put Bridgeport's Porter away in 39 seconds while Keith Berger pinned his opponent in less than a minute with a 52-second fall in the 175-pound match.

Other falls were recorded by Jim Obney in 1:31 of the 103-pound bout while Gary Bookman (145) threw Wilson of Bridgeport in 3:11, and Ken Matheny pinned Lofton in 3:31.

Decision were recorded by Farnum Shasteen, Bill Tychonevich, Les McKenzie and Mike Fisher.

Beaver Local took nine out of the 11 matches. Coach Jack O'Rourke's team will compete in a tournament at North Canton next Friday with eight schools competing.

The results follow:

Banks Gets Approval To Run For Alderman

CHICAGO (AP) — Cub owner Phil Wrigley has given first baseman Ernie Banks the green light to run for the post of Chicago alderman.

Banks reportedly was approached by a prominent Republican and asked to run in his South Side ward against incumbent Democrat James Condon. Banks said he will make the race.

Chicago candidates for alderman run on a non-partisan ballot in the Feb. 26 primary.

Wrigley said Thursday he consented to Banks making the race, but commented, "I'm counting on this activity not interfering with basbeall playing. I don't want a part-time baseball player."

Robinson Top Slugger In National Loop

CINCINNATI (AP)—Frank Robinson, Cincinnati's hard-hitting outfielder, edged Hank Aaron of Miwaukee and Willie Mays of San Francisco to win the National League slugging championship in 1962 for the third consecutive season.

The official averages released today showed that Robinson piled up 380 total bases in 609 times at bat for a .624 average. Aaron had 366 total bases in 592 at bats for a .618 mark while Mays had the most total bases in the circuit, 382, in 621 at bats for .615.

Robinson had 51 doubles, 2 triples and 39 homers among his 208 hits. He won the slugging title in 1961 with .611 and 1960 with .595.

Robinson also was hit most often by pitched balls, 11, and tied with Pittsburgh's Bill Mazeroski for the most intentional bases on balls, 16.

Eddie Mathews, of Milwaukee led in receiving bases on balls with 101 while rookie Ken Hubbs of Chicago struck out the most times, 129 and grounded into the most double plays, 20.

Among players with a minimum of 502 plate appearances, Filipe Alou, San Francisco, and Don Blasingame, Cincinnati, grounded into the fewest doubles plays, 4.

San Francisco compiled the highest team slugging average, .441 followed by Cincinnati .417, Milwaukee .403, Los Angeles .400 and Pittsburgh and St. Louis at .394 each.

Wheel Drops Off Car; Faulty Spindle Blamed

A 47-year-old Hanoverton area man escaped unhurt Thursday at 5:02 p. m. when the right front wheel dropped off his 1955 auto on busy W. 3rd St., causing the car to slide across the center line before screeching to a halt, police reported.

Robert Francis Strabla of Hanoverton R. D. 1 told police he was driving west approximately 50 feet beyond Jackson St. at 15 to 20 miles an hour when the bizarre accident occurred.

Luckily, there was no oncoming auto in the eastbound lane, Patrolman Orin C. Smith said in the report of the mishap. Officers blamed a broken spindle. The auto was towed to a service station.

Remember to Pay Him on Time!

* IN THE HECTIC days of this Holiday Season, it's often easy to overlook a little matter like paying your newspaper carrier-boy on time. But to him, prompt collections are more important than ever right now—for two reasons!

FIRST, he's counting on 100% collections in order to pay his route bills when due, and provide his full profit in cash for Christmas expenses. SECOND, he's in business for himself, and eager to close the year with all accounts collected and bills paid—a record he can point to with pride!

HAVING THE money ready whenever he's due to collect, is the best way to show your appreciation for his faithful service. It will assure him of a Merry Christmas and a Prosperous New Year!

Board Clears 7 To Compete In Police Test

The Municipal Civil Service Commission, meeting last night at City Hall, cleared all seven applicants for an examination it will conduct next Thursday night to fill a vacant lieutenant's post on the police department.

The applications were filed by: Patrolmen Paul A. Burson Jr., Charles E. (Bill) Tice, Charles A. Winters, Kenneth H. Mooney, William A. Devon, Orin C. Smith and Robert B. Pyle.

The commission also set the dates for two other job examinations.

The deadline for applications for the police test was Dec. 12. However, the commission held up announcement of the names of the applicants until the papers were screened.

Any patrolman with 24 months' or more service was eligible to file. The post has been vacant since the resignation of Thomas A. Walker July 30.

Nine competed in an exam Sept. 7, but none scored a passing grade.

The commission said it will hold an examination Thursday, Jan. 24, at 8 p.m. to make up a new eligibility list for appointments to the fire department.

The deadline for applications will be Saturday, Jan. 12, at noon.

A promotional examination will be held Feb. 7 to fill the maintenance man's vacancy in the water department. The deadline for applications will be Jan. 18 at 4 p.m.

The members of the Commission are Donal I. Burcham, A. A. Fiorello and Atty. Ben H. Berman. P. K. Calhoon is clerk.

Man's Unhurt As Car Dives Over Hillside

A 46-year-old East End man apparently escaped unhurt this morning when his auto skidded out of control on Elizabeth St. and dived about 40 feet over an embankment toward Marshall's Bottom, police reported.

He is C. T. Natalina, 926 St. George St., whose 1957 club sedan was damaged heavily in the mishap about 9:15 this morning. The crash was blamed on hazardous driving conditions created by the snow, as were two other East Liverpool mishaps this morning.

Natalina told police he was driving south about 10 to 15 miles an hour when his car went into a spin and dived over the embankment, which is near Neville School.

Another crash at 9:15 a. m. at Broadway and E. 3rd St. involved cars driven by William Hillyard, 39, and Richard Sullivan, 25, both of Chester R. D. 1.

Hillyard told police his 1957 two-door was halted when hit from the rear by Sullivan's 1956 model. There was damage to the right rear fender of Hillyard's car, police said. Sullivan's auto was undamaged.

Another mishap this morning at E. 4th and Walnut Sts. involved a 1957 sedan driven by Floyd Diddle, 56, of 422 E. 4th St. and a 1959 convertible driven by Barbara J. Porter, 19, of 2217 Pennsylvania Ave. Ext.

Diddle said his car was stopped when hit from the rear by the young woman's auto. The young woman said she was unable to halt because of the slippery pavement.

There was damage to the rear of Diddle's car and the right front of the Porter auto, police said.

Wheel Drops Off Car; Faulty Spindle Blamed

A 47-year-old Hanoverton area man escaped unhurt Thursday at 5:02 p. m. when the right front wheel dropped off his 1955 auto on busy W. 3rd St., causing the car to slide across the center line before screeching to a halt, police reported.

Robert Francis Strabla of Hanoverton R. D. 1 told police he was driving west approximately 50 feet beyond Jackson St. at 15 to 20 miles an hour when the bizarre accident occurred.

Luckily, there was no oncoming auto in the eastbound lane, Patrolman Orin C. Smith said in the report of the mishap. Officers blamed a broken spindle. The auto was towed to a service station.

Board Clears 7 To Compete In Police Test

The Municipal Civil Service Commission, meeting last night at City Hall, cleared all seven applicants for an examination it will conduct next Thursday night to fill a vacant lieutenant's post on the police department.

The applications were filed by: Patrolmen Paul A. Burson Jr., Charles E. (Bill) Tice, Charles A. Winters, Kenneth H. Mooney, William A. Devon, Orin C. Smith and Robert B. Pyle.

The commission also set the dates for two other job examinations.

The deadline for applications for the police test was Dec. 12. However, the commission held up announcement of the names of the applicants until the papers were screened.

Any patrolman with 24 months' or more service was eligible to file. The post has been vacant since the resignation of Thomas A. Walker July 30.

Nine competed in an exam Sept. 7, but none scored a passing grade.

The commission said it will hold an examination Thursday, Jan. 24, at 8 p.m. to make up a new eligibility list for appointments to the fire department.

The deadline for applications will be Saturday, Jan. 12, at noon.

A promotional examination will be held Feb. 7 to fill the maintenance man's vacancy in the water department. The deadline for applications will be Jan. 18 at 4 p.m.

The members of the Commission are Donal I. Burcham, A. A. Fiorello and Atty. Ben H. Berman. P. K. Calhoon is clerk.

Man's Unhurt As Car Dives Over Hillside

A 46-year-old East End man apparently escaped unhurt this morning when his auto skidded out of control on Elizabeth St. and dived about 40 feet over an embankment toward Marshall's Bottom, police reported.

He is C. T. Natalina, 926 St. George St., whose 1957 club sedan was damaged heavily in the mishap about 9:15 this morning. The crash was blamed on hazardous driving conditions created by the snow, as were two other East Liverpool mishaps this morning.

Natalina told police he was driving south about 10 to 15 miles an hour when his car went into a spin and dived over the embankment, which is near Neville School.

Another crash at 9:15 a. m. at Broadway and E. 3rd St. involved cars driven by William Hillyard, 39, and Richard Sullivan, 25, both of Chester R. D. 1.

Hillyard told police his 1957 two-door was halted when hit from the rear by Sullivan's 1956 model. There was damage to the right rear fender of Hillyard's car, police said. Sullivan's auto was undamaged.

Another mishap this morning at E. 4th and Walnut Sts. involved a 1957 sedan driven by Floyd Diddle, 56, of 422 E. 4th St. and a 1959 convertible driven by Barbara J. Porter, 19, of 2217 Pennsylvania Ave. Ext.

Diddle said his car was stopped when hit from the rear by the young woman's auto. The young woman said she was unable to halt because of the slippery pavement.

There was damage to the rear of Diddle's car and the right front of the Porter auto, police said.

Junior Editors Quiz on PYGMIES

QUESTION: Why are Pygmies so small?

★ ★ ★

ANSWER: These tiny jungle people have always fascinated explorers. They inhabit various localities, such as central Africa and the Malay Peninsula, mostly in dense forest near the equator. Pygmies live by hunting and gathering roots and forest plants. They are simple folk, caring little for the elaborate ceremonies and costumes of their larger neighbors, although they are said to have a sense of fun and to like music. The pygmy's bow is tiny, but he is an expert with it and his arrow is deadly, for he often smears its tip with poison. Certain groups of Pygmies also use the long blow gun which can throw a poisoned splinter with extreme accuracy. Pygmies are about 4½ feet tall. Scientists think that the small size is due to "mutation," that is, to the variations which nature constantly experiments with, as if she wanted to find just the right thing for the right place. The little Pygmy, with his small stomach, gets along very well in the dense forest where game is scarce and others might starve. Also, he lives in thick jungle which other natives don't want to occupy. This isolation has probably helped to keep him small.

★ ★ ★

FOR YOU TO DO: It would be fun to cut out the jungle picture and color it, using crayon or water color The pygmies could be a brownish gold and the leaves rich green. Do you see the orchids between the pictures and the white butterfly? These could be colored brilliant yellow and pink.

★ ★ ★

Toby Crowell of Phoenixville, Pa., wins $10 for this question. Mail yours on a postcard to Junior Editors in care of The Review, and you may win $10 or a set of Britannica Junior Encyclopedias.

By The Associated Press

Today is Friday, Dec. 21, the 355th day of 1962. There are 10 days left in the year.

Today's highlight in history:

On this day in 1935, Judge Merrill Otis of the U.S. District Court in Kansas City, Mo., ruled that the Wagner National Labor Relations Act was invalid in its entirety. Judge Otis held that manufacturing is not commerce.

On this day:

In 1620, the Pilgrims landed at Plymouth Rock after a 63-day ocean voyage from England.

In 1776, Benjamin Franklin reached Paris on a mission for the U.S. government.

In 1829, the first stone arch railroad bridge in the world was opened over Gwynn's Falls at Baltimore, Md.

In 1945, famed World War II Gen. George Patton Jr. died in Germany of injuries received in an auto accident.

In 1954, Secretary of State John Foster Dulles said U.S. atomic weapons would be used tactically against any aggression in Europe.

Today's birthdays:

The little Pygmy, with his small stomach, gets along very well in the dense forest where game is scarce and others might starve. Also, he lives in thick jungle which other natives don't want to occupy. This isolation has probably helped to keep him small.

★ ★ ★

FOR YOU TO DO: It would be fun to cut out the jungle picture and color it, using crayon or water color. The pygmies could be a brownish gold and the leaves rich green. Do you see the orchids between the pictures and the white butterfly? These could be colored brilliant yellow and pink.

Former Highway Patrol Chief Due New State Post

COLUMBUS, Ohio (AP) — George Mingle, former highway patrol superintendent, will become chief of the consumer frauds and crimes sections of the attorney general's office when William B. Saxbe takes office Jan. 14.

Saxbe, who returns as attorney general after a four-year absence, announced Mingle's appointment today.

Mingle retired as head of the patrol in 1957 after 13 years in that post. He started with the patrol at its inception in 1933.

After leaving the patrol, Mingle was city manager of Portsmouth for three years and of Delray Beach, Fla., for 17 months. He was interim chief deputy sheriff of Palm Beach County, Fla., during a cleanup investigation there this year.

At one time he lived in Mount Vernon and was with the Knox County Sheriff's Office.

New Year May Bring Pay Hikes To 7 Million

WASHINGTON (AP)—The new year could bring pay raises to more than 7 million American workers.

About 3.3 million are sure of fatter paychecks. Their increases have already been negotiated to take effect in 1963.

Some 1.2 million workers are covered by contracts expiring next year. An additional 1.7 million have contracts subject to wage reopening, and an estimated 1.1 million could get pay hikes through automatic living-cost adjustments provided in their agreements.

These estimates are the subject of two studies by the labor department's Bureau of Labor Statistics.
